113th ANNUAL REPORT

Fiscal Year

July 1, 2004 to June 30, 2005

CITY OF

RUTLAND, VERMONT

This Annual Report of the City of Rutland is Dedicated to Brigadier General Leonard F. Wing, Jr.

1923 - 2005

The 2005 Annual Report is dedicated to Brigadier General Leonard F. Wing, Jr., who was born and raised in Rutland.

Leonard F. Wing, Jr. loved Rutland and served Rutland well, as a member and director of the Rutland Region Chamber of Commerce, the City School Board, including time as Board President, a member of the Christ the King School Board for 25 years, member of the Elks, Moose, Knights of Columbus, American Legion and Veterans of Foreign Wars.

He founded the Rutland Association for Retarded Citizens and the Havenwood School, serving as president of both, along with the Vermont Association for Retarded Children; he was also director of the Parents Association of the Brandon Training School. He and his wife, Mary had nine children and 20 grandchildren. He was a man of great faith and love for his family.

He had a successful law practice in Rutland, serving as president of the Vermont Bar Association and as a member of the state Judicial Nominating Board.

His military career began in 1943 when he and the entire cadet corps were activated for military service where he served in Europe. He was awarded the Silver Star and the Purple Heart, along with numerous other commendations. He became a POW when captured by the Germans in 1944 on Thanksgiving Day. He escaped and made his way home via Russia and Egypt.

He continued his Army service in the reserves and was activated for duty in Korea in 1950. He served until 1952 and completed 31 years with the Vt. National Guard, reaching the rank of brigadier general before he retired.

This year Rutland lost one of its most respected citizens at age 83. He will long be remembered for all he stood for; integrity, conviction, compassion, concern and charity.

Mayor's Message

John P. Cassarino, Mayor

To the Citizens of the City of Rutland

In March I was re-elected as your Mayor for a fourth term. Once again, I thank the people of Rutland for their support. The voters also approved the formation of the Rutland County Recreation District and voted to adopt the Rutland Railyard Redevelopment Plan and Determination of Blighted Conditions.

In July the City received a downtown grant of \$75,000, which was matched with \$75,000 from the Zamias fund and \$75,000 in-kind services. This enabled us to put in new street lights and sidewalks on parts of Merchants Row and Center Streets, which adds to the beautification of downtown.

Earlier in the year a hole appeared in the middle of Dorr Bridge on River Street. The bridge was temporarily closed and was repaired and re-opened by mid August. I want to thank Governor Douglas and the Agency of Transportation for all their help and also thank the College of St. Joseph for allowing us to park a fire truck on their premises to maintain fire protection on Dorr Drive.

Rutland's United Neighborhoods continued their involvement in the community by sponsoring a Christmas party for the families of our men and women serving in the armed forces. Then in August RUN also sponsored the third annual Neighborhood Night out.

Also in August, the City was put on notice by the State of Vermont that a re-appraisal was needed. We signed a contract in January with Cole, Layer & Trumble to do the re-appraisal for 2006.

As part of our agreement with Heritage Realty, Casella's began the demolition of the old parking deck in February and finished in March.

Progress continues on the Southwest Corridor Rail Project; in July I traveled to Washington and met with our delegation. I was reassured that this project was a priority and there would be some funding in the Transportation Bill. I also went to Montpelier in April and testified before the House Transportation Committee on the importance of this issue.

During the Spring of 2005 I stayed in contact with Congressman Sanders who had been working to secure funds from the Transportation Budget for improvements to Routes 4 & 7. We also continued with the asphalt replacement sidewalks on East St. and Engrem Ave. and started a new program for downtown crosswalks.

In an attempt to garner savings I offered an early retirement package. Seventeen employees accepted the package: Seven (7) firefighters, four (4) DPW workers, three (3) Treasurer's Office, two (2) Recreation Dept. and one (1) City Clerk's Office.

The new Rutland District and Family Courthouse (see cover) opened this Spring and will be the new home for the Superior and District Courts. It is located on 73 Merchants Row at the north end of downtown and is a very attractive addition to the city.

I would like to thank my department heads, the Board of Aldermen, my assistant, Jean Ross and all the city employees for working to make Rutland a great place to live.

Report of the President of the Board of Aldermen

Sharon Davis, President

To the Citizens of the City of Rutland:

The Board and its various committees have been very busy this year with many issues before us.

The City of Rutland in cooperation with the Towns of Rutland, Mendon, West Rutland was successful in March with a positive vote from its citizens to form a Recreation District. This vote will now allow the communities to move together as one to build a regional recreational facility that will meet all our needs. The District has hired an Architecture firm by the name of Barker Rinker Seacat from Denver Colorado to move us further in this endeavor. This firm is nationally known for its expertise in recreation facilities. This firm will take the public through workshops, planning meetings and design. We want your involvement, as this will be your facility.

The new zoning is now in place and is being implemented. This zoning replaces the outdated version of the 1940's. I would like to thank the Charter and Ordinance Committee for all of its efforts.

The city of Rutland was also successful in obtaining federal money to continue many transportation projects that we have been working on with the Town of Rutland. These projects include improvement to Route 4 & 7 and the Rail yard Relocation Project. This money will put design in the ground. It will allow improvement along Route 7 and West Street to occur both to improve traffic calming measures and the aesthetics along Main Street Park. The money to benefit the western corridor for rail will keep the relocation of the yard moving forward. This will increase rail potential and improve the economic impact for our region. A recent assessment of the parcels related to the relocation of the yard has found the sites excellent for rail development and should be targeted for immediate development; this should boost the local business climate and encourage growth and jobs to occur.

The City is currently going through a State mandated reappraisal and the Board has formed a committee to assist with this process. The Board is the best avenue for public comment regarding this issue and will stay current to address your questions and concerns.

We said goodbye to our City Clerk Darlene Gregory and wish her well in her new endeavor, she will be missed and we thank her for her commitment to the citizens of Rutland.

In conclusion on behalf of the Board of Aldermen I would like to thank the Mayor, department heads and all city employees for working cooperatively with the Board and to the citizens of the City of Rutland for their continued support.

The Board of Aldermen will face many issues in the coming year and will be ready to meet them with the best interest of the City and its citizens.

Audit Report

Reports of the audits conducted by the City of Rutland and the Rutland City School Department are included in the City of Rutland Financial Statement which is a separate document and is available from the Office of the City Treasurer.

*Residential

Report of the City Treasurer

William F. Shortle, Sr., City Treasurer

Fiscal Year 2004 was a year of transition for the treasurer's office. The retirement of long-time employees Meg Grace and Mary Ellen Shaw as of June 30, 2004 made our feelings about year end procedures more mixed than usual.

Regular duties include preparing Property Tax and Water/Sewer billings, collection of said bills, providing informational services to the general public and fiscal support for all departments of our Rutland City Government.

Our audited Annual Financial Report for fiscal year 2004 will be published separately and will be available in late autumn.

At the time of our budget preparation and approval process we estimated a \$60,000 balance in our General Fund for June 30, 2004. This surplus carried into Fiscal Year 2005 and lessened the amount to be raised by the taxpayer for Fiscal Year 2005.

The City also maintains numerous special revenue, trust and agency funds. The City's three Enterprise Funds are the Water, Sewage Disposal and Parking Meter funds.

All Rutland City debt obligations were met again in Fiscal Year 2004. The City's total bonded indebtedness remained on schedule at approximately \$14.5 million dollars as of June 30, 2005.

The Fiscal Year 2005 Financial Reports will be audited by an independent CPA firm. The Compliance Standards Circular used in the audit will be the IRS OMB-133 Single Audit Guide and GASB34. Fiscal Year 2007 financial reporting will be GASB43 compliant according to our plan.

Report of the Building Inspector/Zoning Administrator

James P. Simonds, Bldg. Inspector/Zoning Admin.

To Honorable Board of Alderman and Citizens of the City of Rutland:

I am pleased to submit to you the annual report of the activities of the Building & Zoning Department for the fiscal year ending June 30, 2005. This year 1,271 Certificates of Occupancy were issued. The breakdown for construction that has taken place this year is as follows:

<u>188 Building Permits were issued:</u>	<u>Value</u>
New Commercial Construction	\$ 365,000.00
Commercial Renovations	3,139,080.00
New Residential Construction	2,589,892.00
Residential Renovations	1,753,781.00
Total Building Permit Fees Collected:	\$ 15,880.00
Other Fees Collected:	
59 Electrical Permits	\$ 1,770.00
24 Sign Permits	1,150.00
15 Development Review Board Hearings	1,500.00
3 Joint Development Review Board and Planning Commission Hearings	300.00
3 Subdivision Hearings	375.00

In closing, I would like to thank the Mayor, Board of Aldermen, Development Review Board, Planning Commission, and City Attorney, along with all the department heads and their staff for their cooperation and assistance. Additionally, I would like to thank the residents of the City of Rutland for their continued support and assistance in detecting violations that would otherwise go unnoticed.

Development Review Board

Stephanie A. Lorentz, Chairperson

To Honorable Board of Alderman and Citizens of the City of Rutland:

The Development Review Board is pleased to submit the annual report for fiscal year 2005. Board members are Stephanie A. Lorentz, Chairperson, Martha Hogan Henry, Jeff Washburn, Michael Brookman, Al Paul and alternate Jim Pell. We held 15 hearings and three joint Development Review Board and Planning Commission Hearings. Hearings are scheduled on the 1st and 3rd Wednesdays of each month and are held in Aldermanic Chambers. The hearings are warned to give advance notice to the public so they may participate in the hearings. The Board's responsibilities include hearing zoning appeals, variances, conditional uses, site plan reviews and design control district reviews. After recent legislative action, the Board will also be required to review all subdivisions for the City. The Board wishes to thank the residents of the City of Rutland for their active participation in the public hearing process, Jim Simonds, Zoning Administrator, Carol Wagner, Clerk for the Development Review Board and the Mayor for their continued support of our efforts.

Report of the Legal Department

Christopher P. Sullivan, City Attorney/Grand Juror

Henry C. Brislin, Assistant City Attorney

To the Alderman and Citizens of the City of Rutland:

The Legal Office continued to counsel and provide legal representation to the Mayor, Board of Aldermen, Department Heads and the various Boards and Commissions of the City throughout the 2005 fiscal year.

This office has worked closely with Mayor Cassarino, the Board of Aldermen, and the department heads assisting in the management of City Government with great emphasis on increasing the Grand List, increasing efficiency, and reducing costs focusing on the best interests of the City.

The City started the reappraisal process this year. This office worked with the Mayor, Purchasing Agent, Assessor and Board of Aldermen during the selection process to select a reappraisal company.

This office negotiates with the various Unions of the City. This year changes in health insurance for the Department of Public Works employees were negotiated. The changes provided good benefits for all employees with health insurance equal to or better than what they had before but at a sizeable savings for the City. Negotiations with Police and Fire are ongoing, and efforts are continuing with both of those bargaining units to again, bring about the needed savings while still providing good benefits for all employees. Many other efficiencies have been established that have provided cost savings as well as establishing additional revenue sources to reduce reliability on property taxes. These efforts will continue.

Further, this office has spent considerable time and effort toward the rail yard relocation western corridor project and the improvements to Routes 4 and 7. Conferences with Governor Douglas and his staff, Transportation Commissioner Dawn Terrill, U. S. Senator Jeffords, U. S. Senator Leahy, Congressman Sanders as well as our State representatives, particularly Representative David Allaire. This office has assisted Matthew Sternberg, the Director of the Rutland Redevelopment Authority who is the lead City official on this project.

The new Zoning Regulations became effective this past year and our office is providing counsel and legal advice to the Building and Zoning Department as well as the Development Review Board. Also, the Subdivision Regulations are in the process of being amended so that all hearings on Subdivisions will be heard by the Development Review Board rather than the Planning Commission. These changes will provide one Board, the Development Review Board, with the responsibility of all permit reviews, allowing for a more streamlined permit process. The Planning Commission will continue its responsibility for planning.

The Pension has been discussed continuously with all employed with the City (Fire/Police/DPW/Administration/Schools). The City Pension provides those that have joined the Pension with excellent retirement benefits at minimal cost to the employee. For the past year this office has been working with the Pension Board and the School Department to implement necessary changes to allow greater participation of the School Department.

It's been a busy and productive year. It's been a pleasure representing the interests of the City and this office looks forward to continuing to provide the legal services to the City of Rutland this coming year.

Office of the City Clerk

Rodney D. Pulsifer, City Clerk

To the Citizens of the City of Rutland:

The following is the report of the City Clerk for the year ending June 30, 2005.

My appointment as the Rutland City Clerk in April, 2005, was a major change to the office this past year. The outgoing City Clerk, Darlene Gregory had spent many years in the clerk's office and her last four years as the City Clerk. We all wish her well in her new endeavors in the private sector. I would like to express my thanks to Darlene for her assistance in getting me acquainted with this job. I would also like to express my thanks to Susan Clark, Patty Marceau and Shirley Davidson for their patience and assistance with my transition to my new position. As well, the support and assistance from Mayor Cassarino, the Board of Aldermen and all the City Departments is very much appreciated during my changeover. Another change to the Clerk's office is the addition of Purchasing Agent, Sara Magro. Sara has been with the City for approximately 10 years but has recently relocated her office to the City Clerk's area. Minutes to the regular Board of Aldermen's meetings are now available for viewing on the Rutland City website at www.rutlandcity.com. Other items of interest that can now be found on the website under the City Clerk's section are the Rutland City Charter, the Ordinances for the City of Rutland and information on business licensing in the City. Our office looks forward to serving the citizens of Rutland City in the upcoming year.

Rodney D. Pulsifer, City Clerk

FY 2004-2005 REVENUE GENERATED BY THE CITY CLERK'S OFFICE

TOTAL \$235,203.10

LAND RECORDS:

17675 pages of land records were received, recorded and microfilmed by our office. The cost of record land records is \$7.00 per page. This fee is set by state statute.

VAULT RESEARCH:

3031 people signed into the City Clerk's vault to research land records and vital records. The vault is open to the public from 9:00 a.m. until 4:45 p.m. Monday through Friday at a fee of \$2.00 per hour.

VITAL RECORDS:

Certified copies of Rutland City Vital Records are available at \$7.00 for each copy. They may be obtained by stopping into our office or by mail. If you stop in it only takes a few minutes to obtain a certified copy of a record.

LICENSES:

Our office issued the following licenses to date for the current licensing year:

56	First Class Beverage Licenses
32	Second Class Beverage Licenses
48	Tobacco Licenses
1	Bowling Alley
14	Circus, Fair & Carnival Licenses
67	Coin Machine
14	Entertainment Club Permits
2	Farmers' Market
11	Hotel/Motel/Inn
7	Peddler/Solicitor/Transient/Merchant
26	Pool Table
112	Restaurants and Victual Establishments
2	Theater

DOG LICENSES:

1139 dog licenses were issued to date. We begin issuing dog licenses the second week of January of each year. All dogs must be licensed at 6 months of age. The deadline for licensing dogs throughout Vermont is April 1st of each year. After April 1st dogs must still be licensed but there is a penalty fee in addition to the regular license fee.

DOG LICENSE FEES:

Spayed or neutered dogs licensed before April 1st:	\$12.00
Un-spayed or un-neutered dogs licensed before April 1st:	\$16.00
Spayed or neutered dogs licensed after April 1st:	\$15.00
Un-spayed or un-neutered dogs licensed after April 1st:	\$21.00

To license a dog in Vermont you must provide the clerk with an original Vermont Rabies Certificate and if the dog has been spayed or neutered we must also see the spaying or neutering certificate. Dogs cannot be licensed through the mail.

ELECTIONS:**Changing your voting address or registering to vote:**

If you are registered to vote in Rutland City and have moved to a new address within the City you may change your voting address over the phone by calling our office at 773-1801. If you have moved to Rutland City from another town or State you can stop by our office up to 10 days before any election and register to vote. It only takes a few minutes.

MARCH 1,2005 ANNUAL CITY ELECTIONS:

VT Adult Learning/Adult Basic Education\$9,000

Rutland Fire Department

Robert L. Schlachter Jr., Chief Engineer

To the Honorable Board of Alderman and Citizens of the City of Rutland:

It is again my pleasure to report on the status of your Fire Department. During the past fiscal year we have continued to update equipment and training to better serve the needs of our citizens. It is an honor and privilege to serve as your Chief Engineer.

YOUR FIRE DEPARTMENT AT WORK

During the fiscal year ending June 30, 2005, the Rutland Fire Department responded to 1,452 requests for assistance. There were 912 alarms and 540 special service requests. There were (70) second alarms transmitted for fires and emergencies requiring an additional shift. Of the second alarm calls (58) were in the Town of Mendon where we provide contract fire protection services for the entire town. Contract properties in Rutland Town resulted in (5) second alarms. There were (3) third alarms and (8) general alarms called during this period. The general alarms were at 88 Merchants Row, Mintzer Complex on West Street, 8 Seabury Street, Crescent Street, Pine Street, Curtis Avenue, Plain Street, Killington Gateway Condominiums in Mendon. The department responded to eight mutual aid requests from surrounding communities and used mutual aid six times.

In addition to responding to alarms and requests for assistance, members of your fire department presented many fire prevention and public fire safety education programs, worked many hours maintaining, testing and upgrading the municipal fire alarm system, handled traffic signal complaints, and hung many banners downtown for community promotion. Members participated in projects to maintain and repair the Central Fire Station and the apparatus saving the city a considerable sum of money over contracting the work out. We also rescued a few pets during the year.

PERSONNEL

On July 1, 2005 four new full time members replaced some of the members retiring on June 30. The new firefighters are Brent Adams, Nicole Chapleau, John Fagan, Charles Regula. All of these people previously served the City as part-time substitute firefighters. Firefighter Chapleau came back to Rutland after serving the Montpelier Fire Department for several years. The retirements also left openings in the officer ranks resulting in the promotion of three firefighters to Lieutenant and two Lieutenants to Deputy Chiefs. All promotions were from within the ranks of the department. Francis Cioffi was promoted from Lieutenant to Deputy Chief, Francis Robillard was promoted from Lieutenant to Deputy Chief and Ernest Cioffi, Gary Lambert and William Lovett were promoted from Firefighter to Lieutenant. The department also brought on several new part-time firefighters, they are Dan Gedney, Rodney Kenyon, and Kyle Goodrich.

TRAINING

Members attend many training sessions to maintain and improve their emergency response skills. Regular training includes classes and drills at the fire station, and at

locations around the city. Typically members spend at least one hour per day on training activities. Members of the department attended the Southern Vermont Regional Fire School and some have attended the National Fire Academy in Emmitsburg Maryland. Members of the Fire Department's Aircraft Rescue and Firefighting team again attended re-certification training in New Hampshire. Other members received training in Technical Rescue, Hazardous Materials Decontamination. Several members of our department also serve as instructors for the Vermont Fire Academy. This is a credit to the individuals and our department.

EQUIPMENT

The department fleet consists of 4 Engines, 1 Aerial Platform, a Fire Alarm Service Vehicle and two Support Service Trucks. The new Support Service Truck is a 3/4 ton Ford pick-up. This vehicle was purchased using Homeland Security Grant funds and will be used to tow the Hazardous Materials Trailer and Technical Rescue Trailer in addition to other support functions.

GRANTS

During the fiscal year we continued to administer several homeland security grants and federal fire act grants. These grants have allowed us to purchase equipment for response to possible acts of terrorism, hazardous materials incidents and general operations.

The Department applied for and received a Federal Fire Act Grant in the amount of \$104,379. These funds have been used for the purchase new protective clothing for our personnel, equipment needed to rescue downed firefighters and to repair and update our thermal imaging camera. The grant also allowed our personnel to attend live structural fire training at the Vermont Fire Academy in Pittsford.

The department also applied for and received a Federal Fire Act Grant that will be used to replace the 35 year-old emergency generator at the fire station, install equipment to clean and decontaminate our protective clothing, install a fire sprinkler system in the fire station to protect our personnel, apparatus and the structure, purchase a new thermal imaging camera, and updating our training room and training materials.

We are completing a homeland security grant allowing for the purchase additional breathing air cylinders and to replace our outdated radio equipment and communications console. We have received another grant that will allow us to replace the mobile radio equipment in our primary response vehicles.

We continue to purchase equipment and take advanced training for technical rescue. The department received a grant in the amount of \$135,000 to host a Technical Rescue resource trailer and equipment. This equipment will be used for situations where a person(s) may require rescue from a structural collapse, trench collapse, height, confined space, water or other special situations. The City of Rutland and our contract customers have many areas where technical rescue services may be required. Responding to such situations has been something the Fire Department has done dating back at least to the administration of Chief Alfred Koltonski. We recently received a training grant to make sure our personnel are properly trained to use the new equipment. This grant is in the amount of \$63,029. Our goal now is to make sure we have the proper equipment and training to respond safely and effectively to such incidents. Our community has many places where technical rescue may be needed. They includ-

ed but are not limited to tall structures, manholes, industrial equipment, Otter Creek, ponds, streams, culverts, trenches, permit required confined spaces at industrial sites as well as confined spaces at public facilities such as those for water and wastewater treatment to name just a few. There is no other agency in the immediate area that provides these services. This equipment is being purchased at no cost to the city taxpayers. The trailer and equipment will be available for response within the city and to surrounding communities when requested. A condition of this grant is that the trailer and equipment be available for use by trained individuals in the region and possibly in other parts of the state if a major emergency occurs. We will be looking to our mutual aid partners to obtain training to assist in using this equipment in their communities.

THE FUTURE

Your Rutland Fire Department is always looking toward the future and for better ways to meet the emergency service needs of the community. We will continue to work toward improving our hazardous materials response and technical rescue skills to help meet whatever natural or manmade emergency might involve our community.

Members will continue training to maintain their skills, and to keep current with changes and trends in emergency response. While Rutland is a small city our fire department is called upon to perform many specialized tasks. The fire department must be prepared within the limits of available financial resources to deal with fires, special rescue situations, hazardous materials emergencies and possible acts of terrorism in addition to fires, floods and other natural disasters. We will continue to work closely with other city departments. We will also continue our close working relationship with the fire departments in surrounding towns under the Rutland County Fire Mutual Aid agreement in meeting the emergency needs of the city and region.

CHIEF ENGINEER

As your Chief Engineer, I work to make sure your Rutland Fire Department is trained, and equipped to handle the emergency situations that may affect Rutland. I attend many meetings representing the City and the Fire Department in the City of Rutland, in surrounding towns, at the Vermont Fire Academy in Pittsford, and in Montpelier and Waterbury. These meetings are important as to make sure Rutland is represented at the local, regional and state level for planning and to help obtain grants. I have also attended meetings of Rutland United Neighborhoods and other community groups as requested. I attend training at the National Emergency Training Center in Emmitsburg, Maryland and other training to maintain and upgrade my knowledge and skills in fire and emergency management. In addition to my duties as Chief Engineer, I also serve as City Emergency Management Director and as the Safety Officer for the City.

OPEN BURNING

We receive numerous complaints about people burning anything from brush to trash in the city. The following information is provided regarding open burning within the City of Rutland. Due to the fact that the City is so densely populated open burning is not permitted without a permit from the Chief Engineer. Such permits are only issued for the occasional bonfire at a school or college or for emergency situations. Cooking fires are permitted but only clean untreated wood, charcoal or LP gas may be used for fuel.

On behalf of the Fire Department I would like to thank the Mayor, Board of Aldermen, City Hall Staff Members, the School Department, DPW and all city officials and employees who assisted the Fire Department during the past year. We again offer a special thanks to the citizens of our city for their continued support of their Fire Department. We also thank our Mutual Aid partners for their assistance with emergencies and special projects.

I would also like to thank the officers and members of the Rutland Fire Department who have worked with me this year to serve the community and who strive to make our department better.

In closing, as I write this report it appears that the cost of home heating fuels will be higher again this coming winter. I would like to offer some suggestions to the citizens of Rutland in an effort to prevent the loss of life and property due to fire.

- Install and maintain smoke alarms on every level of your home/apartment and in each sleeping room. Make sure they are working. If your smoke alarms are powered by a battery, change the battery and test the smoke alarm regularly.
- Install and maintain Carbon Monoxide alarms in your home. Carbon monoxide is a deadly, colorless, odorless, gas that is produced by burning fuel. Carbon Monoxide alarms can alert you to the presence of this gas before it becomes a problem.
- Have your heating system inspected and serviced by a qualified technician before winter weather hits.
- If you burn wood or coal have your chimney cleaned and inspected prior to the heating season and inspect and clean it regularly during the heating season.
- If you have gas fireplaces or heaters have them inspected and serviced by qualified gas technicians and make sure the venting system is in good condition and supply air intakes are clear of obstruction to reduce the possibility of Carbon Monoxide poisoning.
- Have an emergency escape plan make sure everyone in your home knows the plan and practice it. Have a designated meeting place away from the building.
- If you have any type of fire no matter how small call the fire department. Many structure fires start as chimney fires. If your smoke alarm or Carbon Monoxide alarm sounds call the fire department. Use a fire extinguisher only if you can do so safely and have an exit at your back and have someone call the fire department.
- Keep fuels such as LP Gas, Kerosene and Gasoline outside your home. Do not store them in the basement or in the house.
- If you use space heaters make sure they are in good condition and keep them away from things that may burn such as paper, plastic, clothing, furniture, bedding.
- Keep your exits clear of ice and snow and do not obstruct exits with furniture, storage items or appliances.

For more information about fire safety contact the Rutland Fire Department at 773-1812.

Rutland City Planning Commission

John A. Facey, III, Chairman

To Mayor John Cassarino, the Honorable Board of Alderman and Citizens of the City of Rutland:

This Report will summarize the activities of the Rutland City Planning Commission during the fiscal year beginning July 1, 2004 and ending on June 30, 2005. This year saw the enactment of a new zoning ordinance in Rutland City. The ordinance calls for the creation of a design review Board which will take over the review of many of the applications that the Planning Commission formerly reviewed. Changes to the Rutland City subdivision regulations are anticipated in the next fiscal year and proposed changes have already been reviewed by the Planning Commission.

In addition to working with the Board of Adjustment on the new zoning the Planning Commission reviewed a number of Subdivision Applications during the recently completed fiscal year. All were issued with conditions. The Planning Commission has two seats on the Rutland Redevelopment Authority Architectural Review Committee (RRAARC) that reviews all development proposals in the Downtown District. A number of proposals were reviewed and approved by the RRAARC during the course of the year.

As of June 30, 2005, the Commission consisted of Jack Facey, Chair, Susan O'Rourke, vice chair, Kathleen Valente, Peter Giancola, Alvin Figiel, Melissa Hayden and Helen Fitzpatrick. The Planning Commission generally meets on the first and third Wednesdays of the month at 7:00 P.M. in the Rutland City Aldermanic Chambers. Meetings are open to the public.

The Planning Commission wishes to thank Mayor John Cassarino, City Attorney Christopher P. Sullivan, and Zoning Administrator James Simonds and our secretary, Barbara Allen, for their advice and assistance as well as those citizens who attended our public hearings and gave us the benefit of their thoughts and experience.

The Commission extends best wishes to Jim Pell and Carolyn Baker who have resigned from the board for their many years of valued assistance and experience.

Rutland Regional Planning Commission

THE COMMISSION'S MISSION: Cooperative planning within the Region.

2004 ACTIVITIES:

- **Technical assistance** on community development issues - including assisting in the update and implementation of town plans, zoning & subdivision regulations, Village Center designations, and telecommunications ordinances.
- Regular **roundtables** of **local zoning administrators** and **local road commissioners** to share information and discuss common problems and solutions.
- **Municipal Planning Grants** application or implementation assistance to 18 communities.
- The **cooperative fuel-purchasing program**, saving towns, schools and non-profit organizations substantial amounts on fuel oil.
- **Emergency management planning** for each community to meet federal requirements and be eligible for disaster assistance, supporting the **Local Emergency Planning Committee**,
- Used **GIS (Geographic Information Systems)** tools to work on transportation, watershed planning, town planning and zoning, and commercial and industrial sites inventories.
- **Rutland Region Transportation Council** support for their planning for the future multimodal transportation needs of the Rutland Region; completed additional **bridge, culvert and network inventories**, which help to reduce the local share of some highway projects.
- **Regional economic development strategy** to better coordinate community development, economic development and travel and tourism activities.
- **Brownfields Assessment** program to identify and assess potentially contaminated sites and make them useable for development.
- **Education, training, and information programs** for municipal officials and reimbursement for program fees as well as a bi-monthly Newsletter.
- **Watershed plans** for the Poultney-Mettowee and Upper Otter Creek basins, in cooperation with other organizations.

In Rutland City the Regional Planning Commission:

- Prepared a bike route network plan.
- Received regional Homeland Security Planning Grant to help update local emergency plans and acquire laptop computers for the City Fire and Police Departments.
- Provided 59,844 gallons of fuel for a savings around \$5,984.
- Prepared a Pre-Disaster Mitigation Plan for the community.
- Worked with the Redevelopment Authority on the Railyard Redevelopment Project.
- Completed a survey of commercial and industrial sites and prepared a database of the information.

City Assessor's Office

Barry J. Keefe, City Assessor

To the Citizens of the City of Rutland:

To the Citizens of the City of Rutland: I am pleased to submit the annual report of the Assessor's Office for the fiscal year ending June 30, 2005. The Grand List at April 1, 2005 totaled \$700,119,977 which reflects a net increase from April 1, 2004 of \$4,981,693. Much of the increase is attributable to renovations. The business personal property increased after a sluggish performance in 2004.

The common level of appraisal (CLA) for fiscal year 04-05 continues to slide at 80.38%. Even though we are just over the 80% threshold set by the State to trigger a reappraisal, our coefficient of dispersion (COD) continues to be over 20% for the second year in a row. We received the reappraisal order last year and we are well on the way in the delivery of new assessments for April 1, 2006 which will be reflected in the August, 2006 tax bills.

Cole Layer Trumble, (CLT) a division of Tyler Technologies, has been awarded the contract for the 2006 reappraisal. We are fortunate to have such a reputable firm at a favorable price to complete the survey. Data collectors have been in the field since March 28, 2005 and are methodically verifying building sizes, types and lots. CLT will notify taxpayers by letter to arrange a visit if they have not been able to get into the property. After all the data is collected we will design models that guide us in establishing the new value. Industry statistics often say that one third of the properties go up, one third will stay about the same and one third will go down. Because we have not done a complete revaluation since 1988 and the real estate market has been heated in the last couple of years, we will probably see more properties increasing than anything else. An increase in the Grand List does not necessarily translate to higher tax bills. The key thing to watch as we go through the process is to pay attention to the tax rate that will be set based on the new Grand List.

Throughout the fall of 2005 and into the winter we will be updating the public on the progress through public access television and press releases. Once we have established new values, letters will go out to every taxpayer informing them of their property value and informal hearings will be held to answer any questions the taxpayer has on how the value was determined. Once informal hearings are completed, the Grand List will be established and a certified notice will be sent to all taxpayers. A careful eye will be given to ensure that comparable properties are treated equally and fair. Taxpayers will have an opportunity to appeal if they are not convinced that fair market value has been achieved and/or the comparability standard has not been met.

I really appreciate the trust the public has bestowed on me in insuring that we all are treated fairly. I will continue to serve the public to the best of my ability.

Police Department

To Mayor John Cassarino, the Honorable Board of Alderman and Citizens of the City of Rutland:

I am pleased to submit to you this annual report of the activities of the Rutland Police Department for Fiscal Year 2005.

The Police Department has an authorized strength of 41 sworn full time officers and 11 full time civilian positions. The department continues to promote training for our officers. Department personnel have attended over 4,500 hours of training this year.

During this year the department opened up 50 drug cases and made 51 arrests on drug cases. The department conducted 26 consent searches and 21 search warrants on these drug cases. Approximately 80% of crime in Rutland is still alcohol and drug related.

Total Part I and Part II crimes were down 2% from last year, down 16% from 5 years ago and down 30% from 15 years ago. The department issued double the motor vehicle citations this year compared to 5 years ago, and investigated 46% fewer motor vehicle accidents this year compared to 5 years ago.

Rutland United Neighborhoods (RUN), the Rutland Recreation Department and the Rutland Police Department co-sponsored Rutland's 3rd Annual National Night Out. We would like to thank the community volunteers, agencies and businesses for their generosity. Special thanks to the NNO Planning Committee for making the event such a huge success.

The Rutland Police Department continues to benefit from the assistance of the Rutland Police Commission. The members of the Police Commission volunteer their time and expertise to the department, and their dedication is deeply appreciated. I would also like to express my appreciation for the support that the Police Department has received from Mayor John Cassarino, members of the Board of Alderman and other City Departments. Additionally I would like to thank the supervisors of the Rutland Police Department, Captain Tucker, Lieutenant Geno, Sgt. Mulcahey Day Shift 1, Sgt. Sly Day Shift 2, Sgt. Elrick Night Shift 1, Sgt. Stevens BCI, Sgt. Tarbell ASU, and most importantly I would like to personally thank all members of my department for their dedicated service and for commitment to providing the best possible police service.

DAY SHIFT 1

Day Shift 1 again this year has been plagued with its share of long term Officer injuries. All have returned to work and are trying to catch up.

We have 2187 assigned calls and 174 criminal arrests. Our Traffic enforcement for the shift was down due to the long term injuries but this had a bright side since we then had a vehicle available to use for the Department Enforcement grants which have been so successful. Even with the shift losses due to injury we still had 1243 traffic complaints for the assigned shift.

All shift officers have completed their required training and are up to date.

I have once again assisted with the motorcycle training and we have added two

officers to our certified list: Sgt. James Tarbell and Det. Dave Schauwecker. All other certified motor officers received refresher training and are approved for patrol work.

This year we have utilized the motorcycle for more traffic grant work and it has been most successful. We changed the color to silver with bright blue markings and have received many positive comments on how well it looks.

Cpl. Larson has again refined and updated his Weapons of Mass Destruction course and it has been presented to several departments as well as our own. This is a very informative and well designed presentation and has proven useful to everyone who has taken the course.

Cpl. Larson has also instructed in the new animal cruelty legislation several times once at the Police Academy for Statewide Law Enforcement training.

Cpl. Larson also in May was assigned to the area Haz-Mat drill and did a very effective job.

Officer Lorman has had his refresher training on the motorcycle and remains one of the most visible officers on my shift as he drives around the City. Keith uses the MTC for public relations as well as enforcement and is doing a good job.

Off. Spafford just joined my shift in January and is a valuable addition. She has an easy manner and is a likable officer. She has expressed an interest in learning dispatch and we are in the process of trying to work out certification.

All Officers on my shift as well as the full department have been very helpful and giving for our Troop Project. The Rutland Police Department has adopted the Rutland area soldiers from the National Guard and the Reserves and we are sending them care packages. Since Nov 2004 to present we have sent 1400 lbs of goods to these troops.

DAY SHIFT II

Day Shift II is one of two day shifts at the Rutland City Police Department and is comprised of six sworn law enforcement officers and two civilian communications operators. Three of the sworn police officers assigned to Day Shift II have served in their respective branch of the United States Military with all three Officers achieving a Non-Commissioned Officer rank prior to their completion of service and Honorable Discharge from active duty. Three of the sworn police officers assigned have completed post secondary education and hold a college degree in their respective field of study as well. One of the sworn police officers assigned has attended the Federal Bureau of Investigation National Academy at the FBI Academy in Quantico, Virginia where his studies concentrated on Interview/Interrogation strategies and Interpersonal Violence. In total, the sworn and civilian personnel assigned to Day Shift II represent 139 years of dedicated service to the Rutland Community.

In addition to the standard compliment of law enforcement training received during the course of their respective careers, Day Shift II personnel have additional specialized area(s) of law enforcement training and expertise. These specialized area(s) are, but not limited to; State certified Police Firearms Instructor, Police Motor Cycle Operation, Traffic Crash Reconstruction, State certification to instruct traffic crash investigation, state certification to instruct Police Traffic Radar and Lidar systems, DataMaster Supervisor/Technician (infrared breath alcohol testing unit), Portable Breath Testing repair technician (field breath alcohol testing unit) and mobile video unit repair technician just to name a few.

Besides their assigned duties and required responsibilities, several members of Day Shift II have volunteered to serve on the Rutland Police Benevolent Association Executive Board as both a Board Member and President in past years. One member has also served as an Executive Board member and President of the Vermont Police Association and continues to serve on the VPA's Board of Trustees. Two members of Day Shift II are part of the original Rutland City Police Honor Guard unit and continue to serve in that voluntary capacity today.

During the fiscal year ending June 30th, 2005, Day Shift II personnel were involved in the following events and duty assignments:

1. Assigned to over 2,744 criminal complaints and requests for service.
2. Assigned as assisting officer in over 1,278 criminal complaints and requests for service
3. Took 128 person(s) into custody for alleged criminal conduct (misdemeanor and felony crimes)
4. Initiated 722 traffic stops for deviant operation and violation of Vermont's motor vehicle laws and Rutland City traffic ordinances.
5. Issued 761 Civil Traffic Violation Notices to motor vehicle operators violating various requirements of Vermont's motor vehicle laws and Rutland City traffic ordinances.
6. Issued 1,084 verbal warnings to motor vehicle operators violating various requirements of Vermont's motor vehicle laws and Rutland City traffic ordinances.
7. Logged over 9,785 duty hours serving the Citizens of Rutland and over 549 hours of administrative / training time.

Day Shift II personnel are also pro-active in their participation in the Rutland United Neighborhood Project and fully support the concept and practical application of Community Based Policing / Problem Solving. Day Watch II personnel also actively participate in, but not limited to, all Highway Safety campaigns (such as Click It or Ticket), Project S.T.A.R.T. (which addresses teenage drinking), National Night Out (which is designed to promote stronger interaction between the Community and their Police Department) and more.

NIGHT SHIFT 1

For the period July 1, 2004 through June 30, 2005, officers on Night Shift 1 responded to 2,573 calls for service, made 224 arrests, stopped 1,689 vehicles, and wrote 1,774 tickets.

Officers support and participate in the Rutland United Neighborhoods Community Policing Program including National Night Out, the Click It or Ticket Enforcement Program, Project S.T.A.R.T. (which addresses underage drinking), and other Highway Safety Enforcement Projects.

Officer Todd attended and successfully graduated from the sixteen week Basic Training for Police Professionals at the Vermont Police Academy, and received the Director's Award for excellence in academics and fitness. Officer Sheldon and Communications Operator Gallipo are trained and certified as car seat technicians and

together they participate in car seat safety checkpoints during the year. Officer Post was trained in the area of Work Zone Safety and he worked a number of details, statewide, enforcing motor vehicle violations within work zones. Officer Post attended the National Highway Safety Traffic Association Standard Field Sobriety Exercises Instructor Course and has been certified to instruct Dill curriculum at the Vermont Police Academy. Officer Prouty and K9 King Riley attended 160 hours of regular in-service canine training during the year. Officer Prouty serves as a member of the Rutland Police Department Honor Guard.

Fitness is an integral part of a police officer's job. Officers Post and Prouty both received the Excellent Fitness Award. Communications Operator Lyn Gallipo and Jean Duncan received the Most Improved Fitness Award in 2004. All shift members participated in the 2005 Catamount Trail Pedometer Adventure. Although not all of the following employees are on Night Shift 1, they were presented with the Most Fit Shift Award for 2004 Department Physical Fitness Award: Sgt. Linda Elrick, Cpl. John Johnson, Ofc. Debra Spafford, Ofc. Frank Post, Ofc. Matt Prouty, Ofc. Henry Alberico, and Communications Operator Lyn Gallipo.

Corporal Gorruso, in addition to handling his assigned calls, is responsible for field training new officers assigned to our shift, oversees the work of the officers assigned to shift providing experience and guidance, and does a variety of administrative tasks as needed.

Officer Prouty used his partner, K9 King Riley, in 121 incidents. K9 Riley is used to search buildings, track persons, protect his handler, evidence recovery, and sniff for drugs, specifically marijuana, heroin, hashish, cocaine, crack, and methamphetamine. Criminal incidents for which Officer Prouty used K9 Riley included 8 Burglaries, 24 Alarms, 2 Robberies, 15 Suspicious Person/Circumstance, 2 Arrest Warrants, 4 Larcenies, and 3 Vandalisms. Officer Prouty and K9 Riley did 11 Demonstrations for schools and civic groups. Officer Prouty used K9 Riley in 10 criminal apprehensions, 46 building searches, 21 detection searches with 7 positive hits on marijuana, cocaine, and heroin, 16 tracks, and 2 search and rescue details.

Corporal Gorruso arrested a male individual for Attempting to Elude, Possession of a Depressant, Stimulant, and Narcotic Drug, and Possession of Heroin. Cpl. Gorruso learned that there was an arrest warrant on this individual and he located the person driving through Rutland. When he attempted to stop the vehicle, the individual refused to stop and led Cpl. Gorruso and other shift members on a pursuit which eventually ended when a tire deflation device was utilized.

Officer Sheldon investigated a felony forgery case over a 6 week period which resulted in the arrest of a male individual who had written checks out of his employer's checking account totaling almost \$10,000.00.

Officer Prouty and K9 King Riley were called to assist Rutland Town Constable John Flory and Trooper Busier, Vermont State Police, in tracking an individual who had fled from a vehicle into the woods. K9 Riley successfully tracked and located the individual, who was subsequently processed for DUI by Trooper Busier.

Officer Post, assisted by shift officers, arrested a male individual for Attempting to Elude, Negligent Operation of a Motor Vehicle, and Second Degree Unlawful Restraint. Officer Post was investigating a report of a missing female juvenile when he located the juvenile in a vehicle being operated by the male individual. The driver would not stop and led officers on a pursuit that went down to Wallingford and the back

to Rutland, where the vehicle was finally stopped and the operator and his passenger were taken into custody.

Officers Todd and Post responded to a complaint of domestic assault and were confronted by an angry male individual who had been arguing and fighting with his girlfriend. The officers called for backup and more officers responded. After an altercation, the male individual was taken into custody and was charged with 6 felonies and 3 misdemeanors.

Officers Post, Prouty, and Todd, along with Corporal Gorruso, responded to a reported suicidal female who was threatening to harm herself with a sword. Upon arrival, officers contacted the female. She was holding a sword approximately 30 inches long, and she refused to drop the sword when given verbal commands to do so. She made a threatening move towards Officer Post with the sword, and Corporal Gorruso deployed the Pepper Ball Gun, a less than lethal use of force weapon. The female was struck by a round, but she did not drop the sword. She was again ordered to drop the sword and when she refused to do so, Corporal Gorruso again subjected the female to two rounds from the Pepper Ball Gun. She dropped the sword and was taken into custody.

On 12 March 2005, at the Salute to Rutland County Hometown Heroes Celebration at the Paramount Theater, Communications Operator Lyn Gallipo, Officer Matt Prouty, and Officer Frank Post received an Honorable Mention in the Animal Rescue Category for their successful efforts in saving a dog named Mugzie who had fallen into a swimming pool on a cold November morning.

There are two persons on shift who daily tell us where to go: our communications operators Lyn Gallipo and Jean Duncan. Both these ladies are tasked with answering 6 phone lines, handling the radio traffic for any number of on-duty officers who are constantly requesting information from the dispatch center, handling the walk-in complaints, querying the national and state computer data bases, and keeping computerized records of all officer activity. Their job is a stressful one when they have to balance and prioritize the phone calls, the radio traffic, and the persons who come to the police lobby, yet they do it with apparent ease and efficiency.

In conclusion, I would like to take this opportunity to thank the officers and dispatchers on my shift for their hard work and dedication over the past year. Whether it is patrolling neighborhoods, writing traffic tickets, investigating complaints, or answering the telephones, the men and women on Night Shift 1 handle the challenges with a positive can-do attitude that bring credit to themselves, the Rutland Police Department, and make me proud to be a member of their team.

NIGHT SHIFT 2

Night Shift 2 is one of the two shifts assigned to work from 1800 to 0600 hours rotating over a two week period for the Rutland Police Department assigned to the patrol division.

For the fiscal year ending June 30th, 2005 this shift was comprised of five sworn law enforcement officers and two civilian communications operators. This shift worked with one open slot for the year with one officer assigned to a special task force.

For the first ten months of the fiscal year this shift was supervised by Sergeant Rodney Pulsifer. Sergeant Pulsifer completed twenty dedicated years with the police department in April, 2005 and took a position in City Hall, thus leaving the department

as a full time officer. For the last two months of the fiscal year the shift was supervised by Corporal Charles Hall.

It is with great pleasure that I introduce to you the staff of Night Shift 2 and their years of service with the Rutland Police Department. Corporal Charles Hall, 19 years, Officer Sam Delpha, 07 years with K-9 Jax, Officer Joe Bartlett, 05 years, and Officer Craig Hunt, 05 years. Communications Operator Patricia Dunchus, 18 years, Communications Operator Tye Bletz, 08 years.

Attached is a portion of the events that the listed personnel were involved in over the last fiscal year.

1. This shift responded to over 2134 calls for service.
2. We had a total of 225 arrests for alleged criminal behavior, these were for felony and misdemeanor offenses.
3. We issued a total of 1527 traffic tickets for various motor vehicle infractions committed during this time frame.
4. We as a shift provided over 10,000 hours of police service to the City of Rutland along with over 3000 hours of communications service.

Officer Delpha and his partner, K-9 Jax had a total of 69 deployments for this fiscal year. The summary of these events for these two officers is as follows.

- | | |
|------------------------------|---------------------------|
| a. Burglary Alarms - 6 | g. Drug Detection - 10 |
| b. Burglaries - 13 | h. Search & Rescue - 4 |
| c. Area Searches - 3 | i. Officer Protection - 4 |
| d. Building Searches - 6 | j. Tracking Suspects - 16 |
| e. Public Demonstrations - 2 | k. Stand By Status - 3 |
| f. Evidence Recovery - 2 | |

The members of Night Shift 2 continued to support the community policing programs through out the fiscal year with involvement in various events during this time. We had personnel participate in such events as: Highway safety, S.T.A.R.T., RUN, Click It Or Ticket, Check Points, Parades, Public Demonstrations.

Bureau of Criminal Investigations

The Bureau of Criminal Investigations is primarily responsible for the investigation of all major crimes, as well as a support service to the uniformed patrol officers. The investigations unit consists of detectives who have received specialized training in all areas of law enforcement. In addition, the crime lab offers another level of support services.

In the past 12 months, 302 new investigations have been opened on a variety of different offenses, resulting in 116 arrests being made. Many hours of investigative time were spent on these cases resulting in either an arrest, or a case being closed out as being completed, and some may still be pending completion.

Detectives involved in the investigation of narcotics have seen some changes in personnel this year, as well as maintaining a busy case load. The investigators opened 111 new cases for persons suspected of, or being involved in, the sale of narcotics.

During these investigations, 51 persons were arrested and 21 locations were searched after warrants were issued. These type of cases involve drugs known as Heroin, Cocaine, Crack Cocaine, Marijuana, and various pharmaceutical type pills.

The crime lab is another busy area for investigations, taking in more than 500 pieces of evidence from various crime scenes throughout the year. Many of these pieces of evidence require many hour of processing, to include identifying, processing and eventually packaging if they need to be sent out for further work. The evidence then needs to be stored, preserved and readied for trial if need be.

In maintaining our objective to be well trained and ready, detectives received 417 hours of training in many areas of law enforcement. It is critical detectives stay current with investigative techniques.

Investigators are further involved with many organizations, community groups and other police agencies. Our agency is very active in our efforts to be involved and well represented throughout the Rutland County area, as well as known around the state for our willingness to assist another agency.

It should be noted, most detectives are out in the community instructing in various types of educational and safety programs all geared toward a better and safer community.

The Administrative Support Services Unit

The Administrative Support Services Unit is the largest and most diverse unit in the Rutland City Police Department. The ASU is involved in Community Service Programs, the Rutland Public School system, Parking Enforcement, Animal Control, Police Records and Community Orientated Policing. The scope of these services is often times behind the scenes and it is difficult to fully appreciate what the men and women of the Unit accomplish.

There is an ever growing need to work with the community in a joint effort to police our streets and businesses. With this in mind Cpl Gregorio, Ofc Tuttle and Ofc Nesshoever have become involved in many community based projects and organizations for example, National Night Out, TRIAD, Senior and Child ID programs, R.A.D. and the YES Plan.

Cpl Gregorio has spear headed the Police Department's efforts to provide fast and reliable identification of senior citizens and school aged children by establishing an identification card program which contains necessary biographical and medical information along with a picture and thumb print. This program has had the added benefit as a great public relations tool to bring the Rutland City Police Department and the citizens of Rutland together.

Ofc Tuttle re-initiated the Rutland Counties Most Wanted program in conjunction with Channel 15 and was nationally recognized for his efforts by FOX News, the New England News Network, and Vermont State news agencies. Ofc Tuttle worked tirelessly on the Volunteers in Police Services and this program is proving to be very successful in the use of retired work force individuals in helping to maintain the day to day activities in the Police Station. New Police Officer recruitment is an ongoing process that Ofc Tuttle has undertaken and he is now the contact person for anyone wanting to obtain information about a career in law enforcement with this department.

The Rutland City Police Department is an active participant in the School Resource Officer program. The three full time police officers assigned to the schools

are now able to provide services for pre-school aged children through high school graduation. This continuum of services has proven to be very effective in the early identification and intervention with At Risk Youths. The School Resource Officers provide a positive role model for the students and assist the school administration and staff with early mediation and mentoring. During this reporting period the School Resource Officers handled approximately 300 incidents that would otherwise have been assigned to members of the Department's Patrol Division.

Ofc Nesshoever is assigned to the Downtown Patrol and has had a positive impact on the 'downtowncommunity'. Ofc Nesshoever utilizes a variety of patrol methods, walking, bicycling, motorcycle and cruiser to enhance his high visibility status which has been noticed by all. Ofc Nesshoever has handled approximately 436 incidents during this reporting period and has become the contact person for many of the local businesses.

The Animal Control Officer, ACO Petrie has continued to serve the Rutland City residents in dealing with domestic animal issues and assisting in numerous wild animal complaints. During this reporting period ACO Petrie responded to 504 assigned calls for service. ACO Petrie is also active in many Rutland City and State organizations that promote and educate animal care.

Parking Enforcement is handled by PO LaFond who during this reporting period issued 8800 tickets with a dollar value of \$72,000.00. The parking meters are being upgraded from mechanical to electronic which has helped in eliminating many jamming problems. LaFond has made great strides in making Downtown Rutland both business and visitor friendly.

The Rutland City Police Department's Records office is staffed by Judy Sambrook and Deb Pockette who handled and processed the 12,320 incidents, 962 accidents, 6,006 traffic violation tickets and 773 arrests during this reporting period. The Records staff handles an enormous amount of telephone calls for information and services along with requests from individuals who come into the Police Department. This is in most cases the first contact individuals have with this agency and their dedication and professionalism is demonstrated in the public's positive assessment of the Police Services provided by this department.

The Administrative Services Unit members are proud to be part of the Rutland City Police team and we look forward to continue to serve the Rutland Community.

The definitions for Part I and Part II crimes used in the Vermont Crime Report are specified by the Federal Bureau of Investigation as part of their national Uniform Crime Reporting program. The standard definitions are used by all law enforcement agencies across the nation to ensure uniformity and comparability of crime data.

PART I CRIMES

Criminal homicide –

- a. Murder and non-negligent manslaughter: the willful (non-negligent) killing of one human being by another. Deaths caused by negligence, attempts to kill, assaults to kill, suicides, accidental deaths, and justifiable homicides are excluded. Justifiable homicides are limited to:
 - 1) the killing of a felon by a law enforcement officer in the line of duty; and
 - 2) the killing of a felon by a private citizen.
- b. Manslaughter by negligence: the killing of another person through gross negligence. Traffic fatalities are excluded. While manslaughter by negligence is a part I crime, it is not included in the Crime Index.

Forcible rape – The carnal knowledge of a female forcibly and against her will. Included are rapes by force and attempts or assaults to rape. Statutory offenses (no force used–victim under age of consent) are excluded.

Robbery – The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

Aggravated assault – An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm. Simple assaults are excluded.

Burglary – breaking or entering – The unlawful entry of a structure to commit a felony or a theft. Attempted forcible entry is included.

Larceny – theft (except motor vehicle theft) – The unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another. Examples are theft of bicycles or automobile accessories, shoplifting, pocket-picking, or the stealing of any property or article which is not taken by force and violence or by fraud. Attempted larcenies are included. Embezzlement, “con” games, forgery, worthless checks, etc., are excluded.

Motor vehicle theft – The theft or attempted theft of a motor vehicle. A motor vehicle is self-propelled and runs on the surface and not on rails. Specifically excluded from this category are motorboats, construction equipment, airplanes, and farming equipment.

Arson – Any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

PART II CRIMES

Forgery and counterfeiting – Making, altering, uttering, or possessing, with intent to defraud, anything false in the semblance of that which is true. Attempts are included.

Fraud – Fraudulent conversion and obtaining money or property by false pretenses. Included are confidence games and bad checks, except forgeries and counterfeiting.

Embezzlement – Misappropriation or misapplication of money or property entrusted to one's care, custody, or control.

Stolen property; buying, receiving, possessing – Buying, receiving, and possessing stolen property, including attempts.

Vandalism – Willful or malicious destruction, injury, disfigurement, or defacement of any public or private property, real or personal, without consent of the owner or persons having custody or control.

Sex offenses (except forcible rape, prostitution, and commercialized vice) – Statutory rape and offenses against chastity, common decency, morals, and the like. Attempts are included.

Drug offenses – State and local offenses relating to the unlawful possession, sale, use, growing, and manufacturing of narcotic drugs.

Family/children (Offenses against) – Non-support, neglect, desertion, or abuse of family and children.

Liquor violations – State or local liquor law violations, except "drunkenness" and "driving under the influence." Federal violations are excluded.

Disorderly conduct – Breach of the peace.

Simple assaults – Assaults and attempted assaults where no weapon is used and which do not result in serious or aggravated injury to the victim.

Weapons; carrying, possessing, etc. – All violations of regulations or statutes controlling the carrying, using, possessing, furnishing, and manufacturing of deadly weapons or silencers. Included are attempts.

Prostitution and commercialized vice – Sex offenses of a commercialized nature, such as prostitution, keeping a bawdy house, procuring, or transporting women for immoral purposes. Attempts are included.

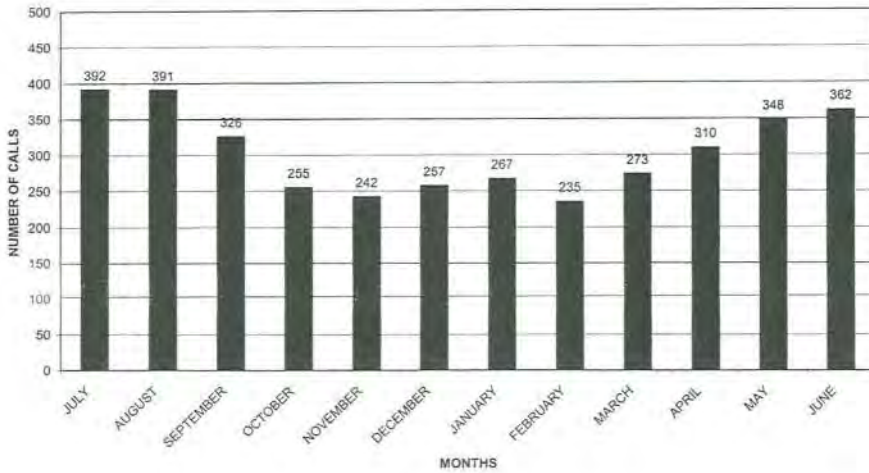

Gambling – Promoting, permitting, or engaging in illegal gambling.

Vagrancy – Vagabondage, begging, loitering, etc.

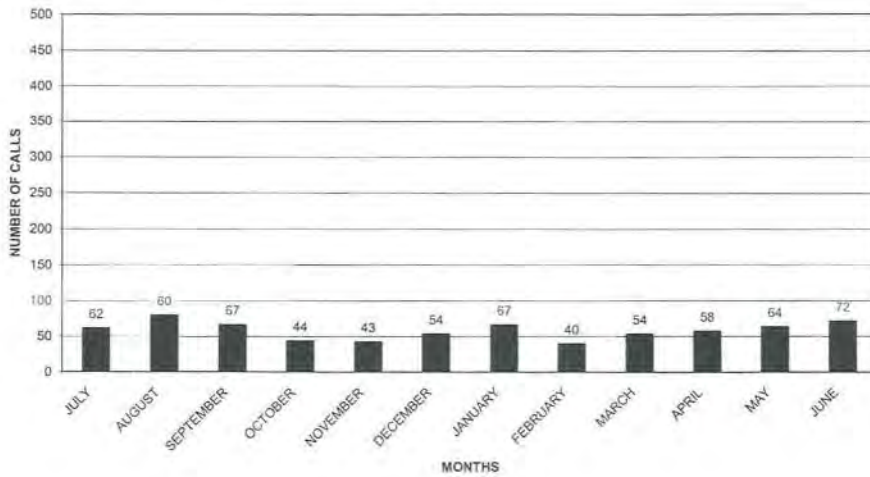

Driving under the influence – Driving or operating any vehicle or common carrier while drunk or under the influence of liquor or narcotics.

All other offenses – All violations of state or local laws, except those listed above and traffic offenses.

Department of Public Works

Paul G. Clifford, Commissioner of Public Works

To the Honorable Board of Aldermen

And the Citizens of the City of Rutland:

I hereby submit the annual report of the activities of the Department of Public Works for Fiscal Year 2004-2005.

The Department of Public Works provides a variety of basic services to the Citizens of Rutland. This department is responsible for the day to day maintenance and operation of city streets, sanitary sewer collection mains (including the Alpine Pipeline), storm sewer system, water distribution mains, protection of the city watershed, the operation and maintenance of the Wastewater Treatment Plant and its associated pumping stations, and the reservoir, water filtration and water storage facilities.

In addition, the Department works closely with the City's Building and Zoning, Emergency Management, Attorney's, Police, Fire and Recreation Departments as required, in both emergency and routine situations. The Department also provides technical and logistical support to the Rutland Redevelopment Authority and the Downtown Partnership.

I would like to thank and commend all the personnel in the Public Works Department for their dedication and professional manner. I would like to thank Mayor John Cassarino, the Board of Aldermen and the other department heads for their cooperative and courteous attitude towards the Department.

The Public Works Department responds to citizen concerns and complaints on a daily basis and emergencies on a 24-hour on call basis. Citizens are reminded to contact the Police Department if an emergency arises when the Department's office is closed. The Department of Public Works will continue to serve the Citizens of the City of Rutland to the best of its ability.

Engineering

Alan Shelvey, P.E., L.S., City Engineer

Peter T. Kelley, Engineering Technician

The Engineering Division provides engineering and technical services for each division of this Department and for all other Departments within City government. In addition to this routine work, several special projects were addressed in 2004-05.

As the fiscal year began on July 1, 2004, this Division was working with Lichtenstein Consulting Engineers on the design of repairs to Dorr Bridge (River Street over Otter Creek). An approximately three foot square hole had appeared in the deck on April 27th, forcing closure of the bridge. Other serious deficiencies in the deck and deterioration of the support pier and steel girders were noted during a State VTrans inspection conducted shortly before the failure. Mayor Cassarino's concentrated efforts to secure emergency repair money from the State were successful. Repairs were made by the Belden Company of Rutland and the bridge was re-opened (although posted for only 3 tons) on August 27th. Repair costs were approximately \$200,000.

Not long after the failure of Dorr Bridge, State inspectors notified the City that Forest Street Bridge had deteriorated to the point where there was some concern for safety. With assistance and input from VTrans, particularly District Engineer David Lathrop, this division designed a reinforced concrete overlay deck that was constructed by our own DPW forces. Repair costs were approximately \$7,000 much of which was paid through a grant from VTrans.

Stormwater management continues to be an important issue statewide. The City Engineer participated in several meetings of the State's Stormwater Advisory Group which assisted in developing Vermont's Stormwater regulations. The City is cooperating with the Vermont Agency of Natural Resources in the study of Moon Brook, which is on the Federal list of "Impaired Waters." We have secured two stormwater grants from the State. One is being used for the engineering of improvements to Piedmont Pond on Moon Brook and the other is funding City activities on the brook including temperature monitoring and water quality sampling.

The contract for Phase 2A of the City's Combined Sewer Overflow (CSO) abatement plan was awarded to PENTA Construction. This project, which will reduce or eliminate overflows of the combined sewer system to East or Otter Creek by directing more flow to the sewer treatment plant, is expected to be completed by early January, 2006.

Other City and regional projects for which the Engineering Division has provided assistance and support are: Main Street Park revitalization, Railyard Relocation, Homeland Security, Routes 4 and 7 Upgrade, FEMA Flood Map Update and the Regional Recreation Center.

We continue to develop and use the GIS system that was started several years ago. It was used extensively on the above projects as well as stormwater mapping and developing the new zoning map.

The Downtown Ornamental Lighting Project continues with installation along Merchants Row from West Street to State Street. This project is a joint effort with the DPW crews who are replacing sidewalk and excavating for the lights working with CEA South, the electrical contractor who is installing the lights.

City Forest and Ornamental Trees

David S. Schneider, City Forester and Arborist

The City Forester and Arborist is responsible for the care and maintenance of all City owned ornamental trees and the 4,000 acres of forested watershed properties located in Mendon and Rutland Town. The sale of timber in the Rutland City Municipal Forest is carried out under approved watershed management practices to provide a regulated harvest of timber products and to protect and insure maximum sustained yields of potable water. All timber sales conducted on City property are designed to promote long term improvement of timber quality and wildlife habitat while providing periodic income in the sale of veneer logs, saw logs, pulpwood and firewood. Markets for wood products have significantly recovered and a 100 acre sale was purchased by Claire Lathrop Band mill of Bristol, Vermont for \$126,000.00. Approximately two miles of property boundary lines were re blazed and painted during the year.

The City's ornamental tree program continues to add beauty and shade to our streets and parks. During the year, eighty four trees were planted throughout the City, with thirty eight of those trees transplanted from our tree nursery. Since 1998, 370 trees have been transplanted from the nursery, providing the City with excellent varieties of trees at a fraction of the cost of contracted installations. We also realized a net gain in the number of trees replanted on Center Street after completion of the ornamental lighting project.

The systematic pruning program begun in the fall of 2,000 is continuing with an additional 285 trees pruned to improve form, provide street and sidewalk clearance, and to improve traffic safety. Over 1800 of the City's 4,400 trees have been pruned since the program began. For the third straight year, the Master Gardeners Program has participated in an introductory workshop on tree pruning from this Division, and program volunteers pruned over seventy five trees to improve their aesthetics. Because of our City's continuing dedication and commitment to our shade trees, Rutland received its Thirteenth straight "Tree City, USA" award from the National Arbor Day Foundation. The Rutland region was beset for the second straight year by the infestation of both Forest and Eastern tent caterpillars in the spring. Many trees were defoliated and it seemed like the caterpillars were to be found everywhere. Most of the trees have recovered well during this growing season, but it is possible that we will see further defoliations in the next several years until this cycle of infestations is over.

The Forestry Division extends its sincerest gratitude to all other members of the Department of Public Works for their assistance during this fiscal year. Appreciation is extended to the citizens of Rutland for their patience and understanding involving matters with our beautiful trees. Together we make Rutland a great place to live and work.

Streets Division

Dan Maniery, Streets Division Manager

I would like to thank all the members of the D.P.W. for their help during the past year. This year we continued our Ornamental Lighting Project on Merchants Row from West St. to State St. This will complete all of Merchants Row.

In continuing with the Mayor's Sidewalk Program, we have paved over 3,000 ft. of sidewalks throughout the City. We also started a new Crosswalk Program with help from a State Grant to enhance our Downtown Crosswalks. We are scheduled to refurbish around 50 crosswalks in the Downtown area.

Our Snow removal efforts this year were again superb and we will continue to do our best in the future.

Many thanks to all Divisions for working together throughout the year. I would like to thank the members of the Street Division and Equipment Maintenance.

Water Meter Division

Mary Anne Courcelle, Business Manager

The Meter Division is responsible to read approximately 6,000 water meters each quarter, investigate complaints of high billing and replace meters as necessary. Special readings for real estate closings, water turn off and on and associated record keeping is the responsibility of the Division. Once a final reading is taken, the Administrative staff processes the billing for "same day" service in most cases.

The Meter Division is in the process of upgrading existing meters with new electronic "touch pad" system. This project is over 93% complete with 5,629 meters upgraded to date. 473 touch pad meters were installed in the past fiscal year. I would like to thank the residents and businesses that worked with us and ask for the cooperation of the remaining properties to assist in the completion of this project.

The Meter Division staff continues to strive to provide the highest level of customer service. Owners are notified of possible leaks and high water usages as the meters are read with a personal phone call from the Meter Reader and a letter follows. Immediate action to make needed repairs, instead of months later when billing is received, has been a great savings to many residents and property owners.

The Department of Public Works administrative staff has stepped up to participate more in the billing processing with our new software. The access to information has greatly improved with the upgrade. I want to thank the office staff for their ongoing effort and their commitment to quality customer service.

Lastly, the Meter Division will be working to better the safety of the water distribution throughout the City with the start of a backflow prevention program. This program will assist in the protection of the water lines from hazards that can cause disaster. The State of Vermont is now committing to this program and we have been preparing with training and testing.

I would like to thank the staff in the Meter Division and the office for a job well done.

Water Distribution

John Havens, Water Distribution Manager

The Water line loop between Pierpoint Avenue and Fairview Avenue was completed in July 2004 with 270' of 8" D.I. pipe as part of the Northwest School Renovation Project. A new fire hydrant was installed by the new driveway to the school for better fire protection should the need arise.

330' of 8" D.I. pipe was installed on LaMontagne Lane between Hillside Road and Wendy Lane to provide water to Fire District 10 in Rutland Town on Kathy Drive and Patricia Lane. This line also eliminated a dead end main on Hillside Road and will prevent further service freeze-ups in the winter months. A new hydrant was also installed on the corner of Hillside Road and LaMontagne Lane for better fire protection in this area.

21 water leaks were repaired during the fiscal year. 40 curb boxes were dug and replaced. 12 fire hydrants were repaired and 2 fire hydrants were replaced due to age. 6 new house services were installed and 3 new sprinkler lines were installed. One of these was at the Rutland Intermediate School after the old 4" line under the floor broke.

12 house services were relaid on South Street from the old 3" main to the 6" main, and the 3" main will be discontinued at a later date.

The flushing program is now a twice yearly enterprise and takes nearly a month in the spring and in the fall to complete.

The Water Department personnel do an outstanding job in often times deplorable conditions and are to be commended for their dedication to the job.

Water Treatment Division

Mike Garafano, Water Treatment Manager

Scott Taggart, Asst. Water Treatment Manager

The City of Rutland's Slow Sand Water Filtration Facility treated a total of 823,594,100 gallons of water during the last fiscal year. That equates to approximately 2,256,422 gallons for an average daily use. The water is treated with chlorine for disinfection, hydrofluosilicic acid (fluoride), and zinc-orthophosphate for corrosion control.

This past year, with the aide of outside contractors as well as departmental personnel, the following projects were accomplished: the completion of new lighting in our filters and the installation of approximately 2,000 tons of riprap around the perimeter of the reservoir. We also purchased a sodium hypochlorite bulk storage tank and additional security monitoring equipment was installed.

We continuously monitor water quality before and after treatment to insure our customers receive water that is optimally treated within our system. Details are reported in our annual mailing of the city's water quality report.

Security and continued surveillance of the city's water works is of paramount importance for the safety of our citizens and we will do our best to insure that we produce a product that is safe.

We would like to thank the outside contractors as well as departmental personnel that have helped us throughout the year.

Wastewater Treatment Division

G. Lewis Hotaling, Chief Operator

David P. O'Neill, Laboratory Director

Over the past year the Wastewater Treatment Facility recycled a total of 2,008,550,000 gallons of water.

To aid in the treatment process, the following chemicals were used:

Sodium Aluminate - for phosphorus removal	40,975 gallons
Sodium Hypochlorite - for disinfection	25,920 gallons
Sodium Bi-sulfite - for de-chlorination	15,654 gallons

The Treatment Plant consumed 1,743,000 kilowatt hours of electricity.

Materials removed from the waste stream include:

Grit, Sand and Gravel	96.2 cu. yds.
Raw Sludge	7,213,000 gallons
Secondary Sludge	16,864,616 gallons

4,575 cubic yards of digested sludge cake was produced and sent to a certified landfill.

9,114,518 cu. ft. of methane gas was produced in the sludge digesters and recycled as fuel to fire the boilers.

Some of the final Effluent parameters as a yearly average are as follows:

Biochemical Oxygen Demand	4.4 mg/L
Total Suspended Solids	5.4 mg/L
Total Phosphorus	0.3 mg/L

In addition to operational activities, preventative maintenance and equipment repair or replacement are the major activities that take place at the Treatment Plant. This year, our focus has been on plant construction. Phase 2A of our Combined Sewer Overflow Abatement project began in September. When completed, this project will increase our storm water treatment capacity from 17 million to 22.5 million gallons per day. This rather complex construction involves all aspects of the plant process. Careful sequencing of the various stages of work has been critical in order to maintain our required treatment levels. As of this writing, the project is proceeding on schedule with completion scheduled for January 2006.

We extend our sincere appreciation for the assistance and cooperation extended to us by the other divisions in the DPW, the Mayor, Commissioner and the Board of Aldermen.

Wastewater Collection Division

Paul Julius, Wastewater Collection Manager

The Wastewater Collection Branch has completed the following work for the fiscal year 2004-2005 with the following employees:

Sewer Specialists

Steve Davine
Arthur Nemeth
Lee Carrara
Thomas Franzoni

Backhoe Operators

Bradley Frederick
William Santwire

The Wastewater Collection Division maintains and cleans the city sewer systems; basins are also cleaned with the Vacon truck. The Division also responds to emergency calls from the public.

The Wastewater Collection Division also works with other departments for snow plowing, salting and maintaining streets.

New and repairs to sewer manholes and catch basins and also repairs to sewer lines and storm sewers are as follows:

New Catch Basins	28
Total Pipe Footage	213 feet
New Manholes	22
Total Pipe Footage	189 feet
Repairs to Sanitary Sewers	10
Total Pipe Footage	535 feet
Repairs to Storm Sewers	7
Total Pipe Footage	612 feet
Sewer Problems	42
Cleaning of Culverts	8
Cleaning of Catch Basins as of June 30th	535

Recreation and Parks Department

To the Mayor, Board of Aldermen and the Citizens of the City of Rutland:

I am pleased to submit the annual report of the activities and accomplishments of the Recreation and Parks Department for the fiscal year of 2004-2005. I remain thankful for the continued trust and confidence the Mayor, the Board of Aldermen and the community has shown in me. With all of your support, we have been able to accomplish more for the City of Rutland.

We have been very busy this past year with many different projects. Under the guidance of Cindi Wight, Mike Smith and others, Pine Hill Park adjacent to Giorgetti Athletic Complex is starting to blossom. I'm in awe with the amount of wonderful new trails that have been created by the hard work of so many interested and passionate volunteers. What excites me most is the increased use the park is receiving due to all of the improvements that have been made to date. What a gem Pine Hill Park truly is, go and enjoy it!

Bob Peterson and his park staff have completed renovations and upgrades to many of our existing ball fields and parks. We have new playground equipment at the Dana Recreation Center thanks to the efforts of that staff and the financial support from a grant received through Head Start. Justin Thomas Park has had a facelift and continues to shine as a City gem. River Street Park and Monsignor Connor Park both have been the recipients of new and additional play equipment. Giorgetti baseball and softball fields and all of the fields at Monsignor Connor Park have all received extensive upgrades that will allow for better play and a decreased need for constant maintenance. The park staff has installed new gates at Giorgetti Athletic Complex and Rotary Park and those efforts will continue at other parks. We have completed a fencing project at the Cioffredi Complex to allow for safer softball play and new opportunities for additional field play in the fall to help provide the needed fields for the constant growth in new programming. The list of improvements and renovations goes on and on. I would also like to officially welcome Jay Siliski to our staff. Jay has been with us for approximately one year in the capacity as our parks working foreman and he has been a tremendous addition to this department. Jay has been instrumental with many if not all of these projects mentioned before.

Our relationship with the Rutland Garden Club continues to blossom and their amazing efforts spearheaded by Brenda Isaacs can be seen throughout the City's parks and green spaces. The Main Street Park steering committee, co-chaired by Brenda Isaacs and Becky Rizzi has continued to meet and move closer to a plan that will enhance one of the City's gems without disrupting it's character and tradition.

The office staff continued to enhance and develop new program opportunities for City of Rutland. Once again we hosted many successful special events like the 45th Halloween Parade, the Youth Basketball Tournament, the GRYSL Soccer Jamboree and in collaboration with the Rutland Downtown Partnership and the Rutland Chamber of Commerce we kicked off the 1st Annual VermontComedyWorks festival in Downtown Rutland.

The Regional Recreation Community Center project continued to move forward towards the goal of a new facility. The towns of Mendon, Rutland, West Rutland and the City of Rutland all voted to form a new district. On March 2, 2005, the Rutland County Recreation District was formed and has had its first organizational meeting.

The new district is working diligently to provide a new recreational community center that will greatly enhance the quality of life for everyone in our community.

Opportunities

Programming in the Regional Recreation Community Center will provide quality, life-long, year-round recreational pursuits for all citizens in the District. Effective programming in a centrally located space provides endless benefits to the citizens of the District:

- Recreational opportunities for all ages in a safe, secure environment.
- A "family" space for our community.
- Daylong activities from early morning workouts to daytime seniors programs to afternoon drop-in childcare for exercising parents to after-school events to evening family fun.
- Constructive and supervised after-school recreational programs on a drop-in or scheduled basis.
- Meeting and gathering space available to individuals, families, civic and community organizations for all generations.
- A place for improving physical and emotional fitness through exercise and educational programs.
- More chances for all ages to participate in drop-in recreational activities.
- Year round completely accessible facility providing opportunities for swimming, court sports, turf sports, fitness activities and general recreation.

The Rutland County Recreation District can provide a Recreation Community Center that impacts Rutland County far beyond creating a recreational and meeting space for residents. It communicates to the entire community that our district is a people-centered place to live, work, learn and play. With an eye to the future, the Rutland County Recreation District has the power to enhance our positive community culture. This is a rare and important opportunity.

Regional Recreation Community Center will also:

- Provide recreational amenities with various elements like an indoor leisure pool with lap lanes, a therapy pool, a fitness space, a gymnasium, studio rooms, multi-purpose rooms, walking/jogging track and an arena with year round opportunities for indoor soccer, lacrosse, football and many other activities.
- Promote and provide spaces for healthy programs and amenities that contribute to healthy lifestyles.
- Provide tools to fight against rising rates of obesity that can lead to chronic diseases like diabetes and heart disease.
- Promote regional economic development by creating new jobs, help existing employers with job recruitment (especially with our youth) and retention and lastly by promoting tourism.
- Help our society continue to fight the rise in drug use and crime, a center that provides positive alternatives would not only improve the quality of life, but over time would decrease the number of people who make poor choices regarding illegal activities. This coupled with the concept of being proactive in this fight will over time save millions of dollars spent on incarceration.

We need to bridge the gap between recognizing the problems with unhealthy lifestyles and eroding the resources to create the facilities and spaces to effectively create positive change for our future. With your support, the support of the local businesses in addition to regional partners and other organizations we are confident about the project's viability. Help us build the foundation for that future.

Finally, I believe that City of Rutland should be extremely proud of this department and it's staff. We have managed to provide a wealth of services far beyond the normal expectations of a City this size and the level of resources available. However, we still rely on you to help us provide quality program opportunities by volunteering your time especially for the children of Rutland. It is the combination of volunteers, local organizations, businesses, part-time staff and our full-time staff that provide the framework that allows this department to flourish. Thank you all for being a positive influence in our community, you do make a difference.

FACILITIES

Alexander Keefe Memorial Park – Located on Water Street
Playground equipment

Center Street Alley Park – Located inside the downtown block formed by Wales, Center, Merchants Row and Washington Streets.
Amphitheater, benches & picnic area.

Cioffredi Complex – Located off Temple Street
2 Softball Fields and open space.

Dana Recreation Center – 39 East Center Street
Telephone # 773-1822; Fax # 775-2030
Recreation Department offices, program/meeting rooms, and gymnasium.
Additional offices for: Crossroads Art Council, Killington Music Festival, First Night Rutland, RSVP, Headstart Classroom.
Association with: Drum Journey's of Earth

Depot Park – Located on the corner of Merchants Row and Evelyn Street
Benches and gardens, home of the Farmer's Market from spring thru fall.
In conjunction with Rutland Partnership, Thursday evening concerts and movies were held in the park several nights throughout the summer.

Giorgetti Athletic Complex – Located off Oak Street Extension
Telephone # 775-7976
1 Baseball Field, 1 Softball Field, Zero Gravity Skate Park, ice-skating rink, playground equipment and open space.

Godnick Adult Center – 1 Deer Street
Telephone # 773-1853
Recreation Department offices, program/meeting rooms, exercise room, meal site, gazebo, shuffleboard courts, & open space.

Justin Thomas Memorial Park – Located on the corner of Madison and Prospect Streets
Gazebo, playground equipment and picnic tables.

Main Street Park – Located on Main Street between West and Madison Streets
Arboretum, bandstand and benches.

Monsignor Thomas Connor Memorial Park – Located off Meadow Street
2 Basketball Courts, 3 Tennis courts, 2 Softball Fields (one with lights), open fields,
and playground equipment.

Pine Hill Park – Located next to the Giorgetti Athletic Complex Hiking and
mountain biking trails.

River Street Park – Located on the corner of River and Meadow Streets
Playground equipment and picnic tables.

Rotary Park – Located off North Street
Field House, playground equipment, 1 basketball court, 1 youth baseball field &
two handball courts.

White Memorial Park – Located at the end of Avenue B
Swimming & wading pools, pool house, playground equipment, 1 youth baseball field,
5 tennis courts and 2 basketball courts.

DANA RECREATION CENTER

The Dana Recreation Center is the main office for the Rutland Recreation and
Parks Department. Located at 39 East Center Street, the Dana Center offers a wide
selection of programs, services and activities for the all citizens of the community.

City Health Officer

Pamela J. Petrie, Health Officer

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

I hereby submit the annual report of the Health Officer for the fiscal year ending June 30, 2005.

The Board of Health consists of Robert Beauchamp, R.Ph., Mark Woodbury, D.C. and Chris Cornelius, M.D. This board acts in a supportive role by assisting and advising the Health Officer in matters regarding public health.

Throughout this past year, both the Health Officer and the Board of Health have been kept fully apprised of the weekly testing of the City water through the cooperation of the water treatment manager. The water remains consistently in compliance with all State and Federal water quality regulations.

As usual we have had a very busy year with public health nuisance allegations requiring investigation. In some instances, Health Orders were necessary. Help from other City Departments and the Vermont Department of Health was needed to abate the worst of these problems.

There have been several articles recently in the paper concerning West Nile Virus and Lyme Disease, but we seem to have forgotten about the rabies virus. As we don't hear much about this disease anymore, most people feel that the threat is no longer there. Unfortunately, we still have active rabies in the City and with all the building going on around us, more wild animals than ever are now living within our City limits. Because of this, we all should know how to protect ourselves and our children from the threat of rabies by taking some very common sense precautions. Some of these precautions are listed below:

- Do not try to touch or pickup wild animals or strays, even baby animals.
- Do not try to feed them or make them into pets.
- Make sure that all family pets get vaccinated for rabies and these vaccines are kept up-to-date. Vaccines will start protecting dogs and cats about a month after they get the vaccine.
- Do not make your backyard inviting to wild animals. Feed your pets in the house. Keep all long grass cut, brush piles removed or chipped into mulch. Be careful of the storage of any type of materials outdoors as they may become a harboring place for wild animals.
- All refuse should be disposed of in trash receptacles with tight fitting lids. Also remember to raccoon and rodent proof your compost piles and bins.
- Keep your pets indoors at night. If they are out during the day, keep them on leash or in an enclosed space. Pets that roam freely are more likely to get rabies.
- Wear protective gloves when handling a pet that has been involved with a wild or stray animal.

What you should do if an animal bites you:

- Make sure that the bite wound is washed with soap and water thoroughly for five minutes.
- Go see to your personal physician or the emergency room so the bite area may be examined and treated as soon as possible. Your doctor and the Health Department will make the determination as to whether you will need to receive the rabies shots.
- Your doctor or the hospital will report the bite to the health officer.
- The animal that has bitten you, should be detained or captured, provided you can do so without further harm to yourself.

Remember, the best prevention is to avoid exposure. Stay away from wild or stray animals and be sure that your pets are vaccinated for rabies.

On behalf of the Board of Health and myself, I would like to thank Mayor Cassarino, the Board of Aldermen, all City Department Heads and their personnel for their continued support. In closing, I would again like to thank the many concerned citizens of this city for their assistance, cooperation and support, for without their help, many of the health issues would go unresolved.

The Rutland Regional Planning Commission is a major partner in regional emergency planning as part of the LEPC. This relationship benefits the City and the region.

You will notice I frequently make reference to regional cooperation. No community is immune from natural or man made emergencies. In many cases such emergencies quickly overwhelm the ability of the community. Even Rutland City, the largest community in Rutland County does not have all of the resources it may need in a major emergency. This is why it is so important that Rutland City, is represented at and participates in planning meetings, training sessions, and other activities related to the coordination of emergency resources at the regional and state level. The events of September 11, 2001 remind us all that it is no longer acceptable to think we are somehow immune from natural and man made disasters. We must plan, prepare and practice to be ready for any emergency.

If you have any questions pertaining to Emergency Management, please call me at the Fire Station 773-1812.

Emergency Management

Robert L. Schlachter, Jr.,

Emergency Management Director

**To the Honorable Mayor and Board of Aldermen
and Citizens of the City of Rutland:**

In addition to my duties as Chief Engineer of the Fire Department, I serve as the Rutland City Emergency Management Director.

During the fiscal year ending June 30, 2005 the following activities have taken place relative to Emergency Management.

We continue to work on updating the Rapid Response Plan and The Rutland City Emergency Plan. We have applied for and received a sub-grant to complete work on updating the Rutland City Emergency Plan.

We are working in cooperation with the Rutland Regional Planning Commission on preparing a pre-disaster Mitigation plan required by FEMA

We have updated and re adopted our Rapid response Plan for the City of Rutland.

We continue to work closely with Vermont Emergency Management, the Vermont Office of Homeland Security and our neighboring communities on issues pertaining to emergency planning and response.

We continue to apply for and receive grants from the Vermont Homeland Security Office, SERC (State Emergency Response Commission), Vermont Emergency Management and FEMA (Federal Emergency Management Agency).

During the past year I have attended many meetings representing the City of Rutland at the local, regional, and state level dealing with emergency management issues. The City must be at the table if we are to obtain the resources needed to keep our emergency plans up to date and the resources needed for training and response.

Rutland City is a member of LEPC # 2 (Local Emergency Planning Committee). I serve as the LEPC Chair. The LEPC was established by the SERC (State Emergency response Commission) to help local communities plan for dealing with hazardous materials emergencies. Federal laws and regulations require communities to plan for hazardous materials emergencies and that industries using hazardous materials be involved in the planning process.

The role of the LEPC is expanding from hazardous materials planning to all hazards planning. Many of the plan components used for hazardous materials are also useful during floods, blizzards, tornadoes, major fires, ice storms and other natural and man made disasters.

Board of School Commissioners

Michael R. Dick, DMD, President

Mary E. Moran, Superintendent of Education

To the Citizens of Rutland City:

It is a pleasure to provide this report to Rutland's citizens regarding the status of the city school system.

It is the goal of the Rutland City Public Schools to provide the best quality education at the most affordable cost. To do so we have established "Great Expectations" for teaching and learning. We promote the highest possible performance standards for educators and others who contribute to the education and welfare of our children, and we expect the highest possible performance standards for intellectual growth and behavioral expectations for all of our students. The attached "Report Card" on student achievement provides a summary of three standardized measures of student achievement. We review these results, share them with parents, and seek to use them to improve our educational programs. We think that the Report Card is important and we will continue to publish our results.

The Rutland City Public School District is comprised of six schools and three special programs serving almost 3,000 students, led by a talented and dedicated administration, faculty and staff of approximately 500. For a more detailed profile of our schools and community, please contact the school department office at 6 Church Street (773-1900) for our School Report Card, which highlights assessment results and activities in all our schools. The School Report Card, as well as a variety of other information about all of our schools and programs, is also available on the district web site at www.rutlandcitypublicschools.com.

Northeast and Northwest Schools serve approximately 250 students in the Early Essential Education Program (EEE) through Second Grade. The introduction of the EEE Program into our two primary schools last year (from an off site location at VAC) fulfills a dream that was made possible by the support of the citizens of Rutland when the school construction bond was passed two years ago. We now have a unified program from "age two to grade two" which we firmly believe will better serve both children and families in these vital early learning years. The Pierpoint Primary Learning Center, located at the former regional library, houses 60 students in grades K-2 in a multi-age program.

The Rutland Intermediate School, located at the former Rutland High School site on Library Avenue, serves approximately 745 students in Grades 3-6. The Rutland Middle School, also located on Library Avenue, serves 400 students in Grades 7 and 8. The "new" Rutland High School, on Stratton Road, currently serves 1,150 students. Approximately 260 students attend the full time program at the Stafford Technical Center, and over 800 adults take part in our Adult Education program. Our relationship with Vermont Technical College continues to support educational and training opportunities for both the youth and adult populations of Rutland County.

The number of tuition students from Rutland Town, Mendon, Chittenden, Danby, Hubbarton, Ira, Middletown Springs, Mt. Tabor, Pittsfield, Plymouth and Stockbridge continues to increase. In 1994, there were 153 tuition students at Rutland High

School. We now have 350, an increase of over 100%. New programs, including an increase in the number of Advanced Placement and honors courses, an infusion of modern technology and many additional offerings in the Fine Arts, have contributed to the increasing attractiveness of Rutland High School as the most popular school of choice for parents and students in the tuition-paying towns.

The Alternative Education Program (AEP), located at the Howe Center, serves 45 high school students in an off-campus alternative education and service program designed to prevent students from dropping out of school. The SUCCESS School serves approximately 50 students in grades K through 12 who have had difficulties in adapting to a traditional classroom and school environment. This is a model program, which is conducted jointly by the Rutland City Schools and Rutland Mental Health Services. SUCCESS combines academics, adventure-based learning, work and community service, and therapeutic services for students and their families in a way that better meets their needs, both in school and in the community.

Beyond the regular school day and year, the Tapestry Program offers expanded after-school, Saturday and summer enrichment and remediation opportunities to our kids. Over 600 students have taken part in the Tapestry Program to date. We have been successful in gaining additional grant funding to support this highly successful program.

We continue to work cooperatively with the municipal side of city government, pursuing every possible way to create cost savings and enhanced collaboration. We continue to lease the former Dana School to the city Recreation Department as part of a five-year program, providing relief to that department and to city taxpayers. We have developed a wonderful relationship with the department and its Superintendent, E.J. Bishop, keeping in mind that all of the schools are available for Recreation Department Programs and activities throughout the school year, as well as in the summer. In addition, we have a great relationship with the Rutland City Police Department and Chief Bossi through the COPS Program which, by means of two collaborative federal grants, provides two School Resource Officers who work with youth in our schools and the community to provide education, prevention and intervention on matters of safety and good citizenship.

We look forward to continuing to work with you, our staff, and the students and families of Rutland City as we strive to provide the very best possible education for our community.

Rutland City Public Schools

"REPORT CARD"

There are many methods to evaluate the quality of schools. These include both objective and subjective measures in areas including: the quality and academic preparation of faculty, administration and staff members, community support and involvement in the schools, curriculum and instructional programs, assessment of student progress, student support services, library/media services, positive school climate, facilities and other related services.

The New England Association of Schools & Colleges (NEASC) provides a nationally recognized comprehensive evaluation/accreditation process that allows schools to be measured against an agreed upon set of standards that are indicators of school quality and success. All six Rutland City Schools took part in this rigorous process of self-study, reflection and evaluation in preparation for the arrival, in March of 1998, of visiting teams of professional educators who assessed each school to determine the degree to which we are meeting the Standards of Accreditation. We are very pleased to report that all five of our City schools as well as the Stafford Technical Center were awarded full accreditation status by the NEASC. This Process does not, however, end with the vote of accreditation. There is a rigorous, ongoing follow-up process in which all schools must participate to maintain their accredited status. All of our schools are doing so, with very positive results.

One of the most important Standards of Accreditation is the "Assessment of Student Learning Standard" in which we are asked to measure both individual and school performance. There are many ways to measure and report student progress on a day to day basis. Teacher observation, reports, tests, projects, essays, oral reports, work samples and portfolios are but a few examples. In addition, it is important to have the information that external, standardized tests can provide. Such assessments include the PSAT, SAT I, SAT II and the Advanced Placement Exams administered by the College Board as well as nationally developed norm-referenced and standards-based tests.

The result of the two assessment programs administered in the spring of 2005 allow the Rutland City Public Schools to provide, and annual Report Card to the citizens of Rutland.

As a result of the changes in the Vermont assessment program mandated by the federal No Child Left Behind legislation, only the **Vermont Developmental Reading Assessment (VTDRA)** and the **New Standards Reference Exam (NSRE)** for students in grade 10, were administered in the state this spring. The VTDRA is administered to second grade students. The NSRE assesses students in reading, writing and mathematics. No assessments were administered in grades four and eight as in the past. The new regulations require testing of reading, writing and math in grades 3-8.

Vermont has developed a new assessment tool in collaboration with New Hampshire and Rhode Island, the **New England Common Assessment Plan (NECAP)**. This assessment will be administered in October of 2005 for the first time. The results will be reported in the next City Report. There will be some difficulty comparing NSRE scores with NECAP scores. However, in future years we will be able to track a group's progress from grade three through eight consecutively.

The Vermont Developmental Reading Assessment results from May 2005 as compared to the past two years are as follows:

	<u>2003</u>	<u>2004</u>	<u>2005</u>
Northwest/Pierpoint Primary	65%	73%	82%
Northeast Primary School	80%	84%	88%

(The percentage is the number of students that meet the standard).

The New Standards Reference Exam for grade 10.

RUTLAND SCHOOL DEPARTMENT

In accordance with Rutland City Board of Education Policies, a free appropriate public education for all handicapped children is guaranteed. If your child is handicapped, or you know of a handicapped school aged child who is not currently being served, please contact the Support Services Office at 773-1917.

Rutland Free Library Association

Paula J. Baker, Director

To the Honorable Board of Aldermen, Mayor and Citizens of Rutland:

Two words have been appearing more frequently as our fast-paced twenty-first century life continues to push at us, one being simplicity and the other, value. It is a sign of the times, always, that we look to the past as being less complex and thus somehow more manageable, though, in our hearts we know this is not the case. And yet... the library, sitting in the same 21st century, encompasses both simplicity AND value while flexing with the inevitable shifts in the community.

Timeless in the sense that the library has served families, children and businesses for over a century, the library, nonetheless, has worked to keep use and access simple while embracing the new technologies required and to provide value to all users.

To keep things simple, we added a wireless network, which now allows laptop users Internet access anywhere in the building and which frees up wired computers that are in constant demand. For individuals temporarily or permanently homebound, we have initiated the Jean Huebner Memorial Homebound Delivery Service. We also added a music CD collection and greatly expanded the DVD and recorded books collections. To insure more privacy for printing off the web we installed a print management system. The free Internet and computer classes have been expanded to cover new topics like dealing with spam, a lively book discussion group has emerged, and rental fees were removed from videos and DVDs.

To tap value, a library visitor can access over a dozen exclusive databases (24/7 with your library card at www.rutlandfree.org), take out costly best-sellers (one a month x \$30 = \$360 saved!), surf the web, or come to a free program (143 of them were offered for children and adults this year.) Through library holdings individuals are finding the help to start their business, prepare a winning resume, repair their home, work on a family crisis, or solve a family tree mystery.

The other side of simple is what the library has always been at its core: a place to retreat to, to find ways to renew, to meet friends, to discuss world and local events, in effect, a community living room. The other side of value can be measured by observing library use. This community living room at 10 Court Street, Rutland, seems to be delivering the goods. Statistics reveal that the circulation of books rose 22% this year, while the number of visitors rose by 14%. The use of teen books rose nearly 40% as well this year. Over the course of the year the library loaned out an average of 666 items per day and saw over 23,000 visitors every two months.

The library can maintain value to the community only if it is able to supply the books, technology, services and manpower as required. Despite tax support from Rutland City, Rutland Town, Mendon, Ira and Tinmouth, and an endowment, the costs of current operations are becoming increasingly more difficult to support. To augment tax dollars the board entered its third year of annual fund raising and the Friends of the Library have doubled their efforts with book sales. It is a painful irony to see community use of the library moving up in double digits each of the past three years, while watching the financial resources lag.

To address the reality of limited funds and expanding community appetite the library has also begun work on a new long-range plan. A committee made up largely of community members worked over the winter to define community library priorities. Through the process they also identified funding and technology needs that will require thoughtful work to achieve. It has been demonstrated time and again that a community with good schools and a good library add incalculable value to a community. Thus it would seem that keeping value, while not simple, keeps simplicity.

Rutland Redevelopment Authority

Charles H. Wilton, IV, Chairman

Matthew T. Sternberg, Executive Director

To the Citizens of the City of Rutland:

Rutland Redevelopment Authority is pleased to present this report on activities during the 2004-2005 fiscal year.

The last quarter of the fiscal year saw heightened activity on funding for the railyard relocation. This plan to move the rail switching yard from the downtown area (around Howe Center) to a site between Park Street and Rt. 4 is the largest transportation and economic development initiative currently under way in the City. The increased activity surrounded passage of the federal transportation authorization bill, in which the federal government defines its transportation programs and funding through 2009.

As previously reported, the Railyard Relocation was grouped with complementary rail projects along the Western Corridor to form a unified project. This will enable greater flexibility for financing under federal guidelines. In July of 2005 (just after the fiscal year covered by this report ended but before the report went to press), Congress finally passed the bill, after more than two years of delay. In it, the combined western rail project, including Rutland's railyard, won designation as a federal pilot project, to be called the Gateway Rural Improvement Pilot. In addition, \$30 million was designated for improvements within the Gateway, including Rutland. RRA thanks Senator Jim Jeffords and his staff for the key role they played in winning this funding. The federal pilot project designation will put Rutland in a strong competitive position to seek supplemental funding in future years.

In March, Rutland City and Rutland Town voted on ballot items relating to the Railyard Redevelopment Plan, a comprehensive plan for managing the opportunities presented by the relocation project. The plan was drafted by an intermunicipal committee consisting of two City Aldermen, two Town Selectmen, a representative from each municipal planning commission and a representative from the Rutland Regional Planning Commission. Technical support was provided by RRA, DPW, Building and Zoning, and the Vermont Forum on Sprawl. On Town Meeting Day, the plan was approved in the City by a vote of almost two-to-one. The Town vote to continue discussions of the plan passed by a narrow margin.

Also relating to the railyard, Rutland City and Rutland Town were joint recipients of a state planning grant to study the potential for recruiting rail-oriented business into sites along the rail corridor in the two municipalities. This report will be completed in the fall of 2005. A separate study of potential brownfield contamination in the old railyard (funded by EPA) was completed and found only minor environmental issues for redevelopment of the site.

The federal transportation authorization bill also included an earmark of \$2,848,000 for improvements to Rts 4 and 7. The funding, proposed by Rep. Bernie Sanders, will fund upgrades to South Main Street and Main Street Park. Plans will be presented for public review in the coming months.

Downtown the year saw completion of the new Rutland Courthouse, a major anchor at the north end of Merchants Row. This striking new facility is expected to trigger numerous revitalization projects in the area, improving the connection between the business district and the surrounding residential neighborhood. Also completed this year was the renovation of the Tuttle Building, a project undertaken by the Rutland County Community Land Trust. A model for downtown mixed-use revitalization, the Tuttle will have retail on the street level, offices on the second floor, and apartments on the third and fourth floors. Elsewhere downtown, the City has continued its popular program of upgrading sidewalks and installing new antique-replica street lighting. And, most noticeable of all, the old parking deck on Evelyn Street was razed to make way for addition retail in the Plaza.

Downtown Rutland Partnership

Nomi Bierly, President

Mary Ann Goulette, Executive Director

To the Honorable Mayor, Board of Aldermen, Members of the Special Business District and Citizens of Rutland:

I am pleased to present this year's annual report of The Downtown Rutland Partnership. This year the Partnership is celebrating its 15th year. 15 years of commitment, hard work and dedication from a number of individuals, organizations and businesses throughout this community that have worked together to rejuvenate our Downtown and make it what it is today.

Currently, the Partnership continues with many ongoing projects; such as recruitment of new businesses, offering affordable marketing programs to downtown members, and ensuring the flowers are watered and sidewalks are spotless.

We continue to build on our successes such as the Ethnic Festival, where nearly 20,000 people attended the two day event and many merchants experienced record sales. This year we are proud to announce that it was named a Vermont Top Ten Summer Event by the Vermont Chamber.

Another success— hosting a welcome party for over 1,000 motorcycle enthusiasts as they visited the Rutland region for the 2nd Annual Killington Classic Motorcycle Rallyard watching as the Governor and Mayor led the group, on motorcycles, in a parade to Downtown. By the way, this event is also named by the Vermont Chamber as Vermont's Top 10 Fall Event.

This summer we are collaborating with a number of organizations, such as the Paramount Theatre, Rutland City Recreation Dept, and the Chamber - to create Vermont ComedyWorks, Vermont's first comedy festival; two fun filled days of laughs to generate tourists in the region and into our downtown.

And I am especially pleased to announce "All Aboard Rutland" a street art project that will showcase artist decorated wooden trains on every street corner throughout town beginning Spring '06. This project will bring the community together to celebrate Rutland's train history, attract tourists to our area and boost the regions' economy.

Many of these types of programs exist because the Partnership is here listening to the needs of our members, ready to take off with a new idea, or to keep what is working well in place. The Partnership remains focused on servicing its members. Our vision is to ensure that Downtown Rutland remains beautiful and dynamic with an energetic economy and healthy community. We continue to stimulate physical improvements and economic innovations.

My staff consists of Tammy English as office coordinator and Mary Kay Skaza as marketing coordinator. As always we welcome your thoughts and ideas. Please stop by our office anytime at 103 Wales Street or call us at 773-9380 or email us at info@rutlanddowntown.com.

Rutland Region Transportation Council

Formed in 1992, the Rutland Region Transportation Council (RRTC) provides a forum for the development of regional transportation planning and transportation projects that may have regional impacts. In addition, it coordinates policies and priorities with the Vermont Agency of Transportation and promotes cooperation on transportation issues in the Rutland region. The Council is the primary method for public involvement in transportation planning. State and federal funds are obtained by the Rutland Regional Planning Commission which provides support for the Council. The Planning Commission also provides planning, administrative, and geographic information system staff.

All municipalities in the Rutland Region are encouraged to participate in the Transportation Council and those with representatives named to the Council may vote on any issues.

Over the last fiscal year (October 2003-September 2004), the Rutland Region Transportation Council and its staff have been working for improved transportation planning in Rutland County in the following ways:

- Continued to assess the Rutland region's top transportation issues and work with VTrans and towns to solve transportation problems through study, project development and implementation. From a regional perspective, improvements to are always high priorities;
- Participated in discussions regarding transportation projects such as improvements to the Route 7 and 4 corridors, the intersection of Route 7 and VT 103, VT 73 and the Pittsford-Brandon US 7 Upgrade;
- Assisted with efforts to seek Vermont Scenic Byway designation for Route 30 through Rutland County;
- Provided input to VTrans on various studies and documents, for example the Elderly and Disabled Public Transit Program, Highway System Policy Plan and conformance of projects to the Rutland Regional Plan;
- Worked with a consultant to produce a report on corrective options for the US7/VT103 intersection in Clarendon;
- Assisted eight towns with culvert inventories to reduce their local match.
- Conducted traffic counts and speed study analysis in Benson and Danby;
- Worked with the Rutland Physical Activity Coalition to increase bicycle and pedestrian infrastructure and programs in the area (including a map of trails in Rutland County);
- Assisted in coordinating the Region's application for the transit program for the elderly and disabled population;
- Distributed reports, bulletins, fliers, and newsletters, and maintained the Council's Web page.

In the current federal fiscal year (October 2003 - September 2004), the Rutland Region Transportation Council is continuing many of these efforts as well as initiating some new ones including outreach on access management.

Meetings of the Rutland Region Transportation Council are held once each month, normally on the fourth Thursday, in Rutland. All those with an interest in transportation and related issues are invited to attend. Questions about the Transportation Council may be directed to the following individuals: Susan Schreiblem, Senior Planner (775-0871) or Richard Baker, Chairman (247-6366).

Cemetery Commissioners Report

Christopher Book, Committee Member

The City of Rutland has control over two cemeteries; West Street Cemetery and the North Main Street Cemetery. Both of these cemeteries are inactive.

These cemeteries have extreme historical importance to the City and are in desperate need of repairs due to vandalism, natural soil erosion and deterioration of several stones.

A future project should include leveling out the old graves to create a safer more park like setting for the resting place of Rutland's founding fathers and the many veterans of the Revolutionary and Civil War who are buried there.

The Cemetery Commission is always researching ways of additional funding and recently created a fund to help with the restorations and resetting of the stones. Contributions can be mailed to the City of Rutland Historical Cemeteries, Restoration Fund, C/O Christopher Book, 44 North Main Street, Rutland, VT 05701.

A mowing contract was granted to Clarence Johnson for the season starting in May and ending in October, including 13 cuttings for the amount of \$3,000.

The Cemetery Commission would like to thank the Recreation and Parks Department for the additional help making the West Street Cemetery look it's best for the annual Memorial Day service.

The cemeteries gates are kept locked to help prevent vandalism, so anyone wishing to visit our historic cemeteries is welcome to get a key through the City Treasurers Office.

Rutland Historical Society

Dorothy L. Whitford, President

To the Honorable Board of Aldermen and Citizens of Rutland:

The Rutland Historical Society at 96 Center Street, the former Nickwackett Fire House, is open for public use on Mondays from 6:00 P.M. to 9:00 P.M. and on Saturdays from 1:00 P.M. to 4:00 P.M. Materials for research purposes are welcomed as additions to the Society's collections relating to the original Town of Rutland and the present City of Rutland. Volunteers meet three times a week to accession materials. Volunteer members also assist local and out-of-town folks seeking genealogical and historical information. The Society offers special arrangements for individual visitors and groups.

"Historically Speaking" continues to be shown three times weekly on public television station Channel 15. Subjects presented this year include programs dealing with "The Immigration of Swedes to the Rutland Area" with Michael Dwyer; "How To Begin Using 'Heritage Quest' at the Rutland Public Library"; "World of Mirth Shows at the Rutland Fair" with Dave Knipes; "Political Messages in Ordinary Objects" with Dr. Kevin Thornton of UVM; "History of the Rutland Courts" with Jim Davidson and Dorothy Whitford; "information To Be Gleaned from Late 19th or Early 20th Century Photos" with Michael Dwyer; "Discussion with Rutland Society members concerning the Society's New Web Site"; "Rutland History Days" with Tony Romeo, Sons of Union Veterans, Ripley Camp #4 and Mary Ann Goulette from the Downtown Rutland Partnership; "The Family Photo Album As Social History" with Jim Davidson and Michael Dwyer; "The Making of 'The North and South: A Woman's Perspective' with Anna Whooley".

Other activities included participation in the Vermont History Expo presenting a Rutland and Vermont covered bridge exhibit with our local covered bridge expert, Robert Cassidy, as well as Anna Whooley's dramatic monologue of two women of the Civil War Era. The Society provided a musical setting for First Night headquarters on New Year's Eve, took part in the Halloween and Loyalty Day parades and provided walking tours of Rutland for visiting groups, local school students and for Rutland History Days.

The first Elwert Essay Contest held to commemorate the service to the Society by Fred and Eleanor Elwert was completed in March. First prize was won by Kahner Dowdy, Grade 6 of the Rutland Area Christian School for her essay on the "Berwick Hotel Fire". Elizabeth Lambert, Grade 6, won second prize and third prize went to T.J. Engler also of Grade 6. Certificates of participation were also awarded. The contest is open to middle school students, grades five through eight, in any public, private or home school within "the original Town of Rutland". This is an annual contest.

Helen Davidson, Past President, was honored by the Society at Annual Meeting for her excellent weekly "Tidbits From Then and Now" published in Sam's Good News, a local free weekly paper. Helen is one of our most dedicated volunteers and has been producing this column for over six years.

Quarterlies published this year were "The Early Years of Company C 368th Engineer Battalion, U.S. Army Reserve in Rutland, VT" by David Zsido; "July Guns of Colonial Patriots II, The Battle of Hubbardton Revisited" by Carmine Pacca; "Lost Buildings of Rutland, A Calendar" by Jake Sherman and "The 1908 Diary of Charlotte Chaffee" by Helen Davidson.

Programs for the year included "Rutland Silver" by David Perrin; "The Future of Vermont History" by Kevin Graffagnino, President of the Vermont Historical Society; "History, Politics and the Schools" with Lincoln Fenn; a demonstration of the ELMO for the Twilight Homemakers; a presentation of historical research materials for a Vermont History class from the College of St. Joseph; video and exhibit tours of the Society for school children; "Proctor: 100 Years Ago and Today" presented by Maureen Dobart of the Proctor Elementary School; "Sam Slick, a 19th Century Peddler" presented by John Peterson, a social studies teacher at Rutland High School and "The Vermont Marble Company Strike of 1935-36" by Mary Fregosi, retired history teacher from Rutland High School and present Chairperson of the Board of the Society.

An important project for the Society has been the production of a Web Site. Those participating have been Karen Sanborn, Chairperson, Robert Perkins, Patty Pickett, Tom Carpenter, Michael Dwyer, Larry Kelley and Jim Davidson. The site is now operational at <http://www.rutlandhistory.com>. Since its availability in February 2005 over 25,000 "hits" have been received. The free message board has received a number of queries and the committee has continued to meet and fine-tune the site.

Regional Ambulance Service

Paul Kulig, President

Samuel J. Gorruso, Rutland City Representative

To the Honorable Citizens of the City of Rutland:

We are pleased to present our 22nd annual report to the Citizens we serve. Regional Ambulance Service, Inc. has continually provided emergency and non-emergency ambulance service for twenty two years. From 1983 to the end of this fiscal year, Regional has responded to 104,855 ambulance calls. This past year, ending June 30, 2005, the service responded to a total of 7,495 ambulance calls in our 12 communities and an additional 1,128 "Medic One" paramedic intercept calls. Call volume continues to increase. **We commend our staff for keeping up with the increased demand and for providing excellent service.**

We also congratulate Paramedics Nicole McDuff and Laurie Phillips for being honored as our "Stars of Life" at the American Ambulance Association's Stars of Life celebration in our nation's capitol.

With the continued support of the citizens, our employees, and community governing bodies, we have been able to level fund or lower our assessment rate for the past 21 years. Our current assessment rate is \$4.25 per capita and remains unchanged for the next fiscal year. The public support of our Membership program, direct donations, memorials and estate gifts have been vital to our continued success. We extend our appreciation to everyone for their support.

This past year two new ambulances were put into service to replace older ambulances with over 100,000 miles of service on each of them. The building renovations were also completed.

Our motto "Serving People First with Pride, Proficiency and Professionalism" is demonstrated by our employee's commitment to continuing EMS training. Each year our employees have specialized training in Critical Care Paramedicine, Advanced Cardiac Life Support, Basic Life Support, Prehospital Advanced Trauma Life Support, Pediatric Advanced Life Support, Neonatal Resuscitation, Emergency Vehicle Operations, Bloodborn Pathogens and variety of continuing education programs. Our professional staff is extremely capable and dedicated.

Monthly CPR classes are taught at Regional Ambulance. Last year, through the R.A.S. Training Center, 1,369 people were trained in C.P.R. Tours, lectures, demonstrations, and C.P.R. classes are available for the general public. Thursday afternoons Child Car Seat inspections are held at Regional Ambulance building. In cooperation with the Rutland County Safety Coalition 407 inspections were completed.

The public is encouraged to visit and talk to the employees and Administrator at our Stratton Road facility. Please fee free to contact James Finger, Chief Executive Administrator, or your Representative, if you have any questions concerning the service.

We are proud of our accomplishments and look forward to serving you in the future. The Board of Directors, Administration and employees of Regional Ambulance Service, Inc. will continue working to provide the highest quality of emergency ambulance care at the lowest possible cost to all of the citizens we serve.

Rutland's United Neighborhoods Community Justice Center

Lynn R. Walsh, Executive Director

**To the Board of Aldermen, Mayor Cassarino,
and the Citizens of the City of Rutland:**

In the past year, Rutland's United Neighborhood's Community Justice Center has continued to operate through a change in the Executive Director's position. The RUN/CJC has continued to host regular neighborhood meetings in the Southwest and Northwest neighborhoods. Efforts to recruit volunteers from the Northeast and Southeast neighborhoods continues and is ongoing.

These neighborhood meetings addressed successfully, issues unique to each neighborhood. This year, efforts to find a resolution to the abandoned and contaminated Hour Mart property on West Street were finally successful. This was a direct result of the neighbors voicing their concerns and being heard by the Vermont State Legislature. A bill was passed to aid in the cleanup of this property.

The Annual Green-Up/Clean-Up day was held in May and all neighborhoods participated. A subsequent Green-Up/Clean-Up day was put together by a collaborative effort between RUN/CJC and the "Neighbor Works" of Western Vermont. Over 14 dumpsters were filled and more than 200 cars brought unwanted stuff to be disposed. This allowed many people to clean out their garages and attics and get rid of junk for free.

RUN/CJC in partnership with the Rutland City Police Department, Recreation and Parks Department, the Downtown Partnership, the Boys & Girls Club of Rutland County and many volunteers worked to achieve a successful National Night Out. This was the third going away party for crime in our community. Although it rained on the event it was still well-attended.

The RUN/CJC would like to thank the neighborhood volunteers for participating and attending meetings and events as well as the Rutland Police Department, The Mayor, the Board of Aldermen, Public Works, Recreation and Parks and the Downtown Partnership for their continued support.

Rutland Housing Authority

James V. Richards, Chairman - Board of Commissioners

Kevin L. Loso, PHM, Executive Director and Secretary

The Board of Commissioners and staff of the Rutland Housing Authority (RHA) are pleased to present our Annual Report to the Citizens of Rutland for the 2004-2005 fiscal year. It is with pride and satisfaction that the RHA continues to further its mission "to build healthy, safe and vibrant neighborhoods by creating and offering service-enriched housing options" to those we serve. With that in mind, the Authority focused on the following strategic objectives during the reporting period:

- Incorporation and continued development of our partner organization Housing Initiatives Inc. This non-profit, 501(c) (3) entity will partner with the RHA to promote affordable housing, housing rehabilitation and enriched services to our residents and the community-at-Large.
- Partnered with a host of municipal, non-profit housing and community planning organizations and John Ryan of Development Cycles to produce the Rutland County Housing Needs Assessment. This impressive accomplishment will help guide policy makers, housing specialists and community and economic development professionals for years to come.
- Working with Rutland Mental Health Services, Rutland Area Visiting Nurse Association & Hospice, Southwestern Vermont Area Agency on Aging, the Vermont Department of Aging and Independent Living and Rutland's extensive network of health and human service providers, the RHA continued to expand its program of supportive services to elderly and disabled public housing residents.
- In January of 2005 the Authority's Board, staff and residents collaborated to complete the HUD Five Year Plan for Fiscal Years 2005-2009.
- The Authority worked closely with the City of Rutland, and the Rutland Redevelopment Authority to secure a total of \$40,000 in critical planning grants from the Vermont Community Development Program and the Vermont Housing Conservation Board. These funds and the resulting planning process bring us one step closer to the redevelopment of our Forest Park Family Housing site.
- In response to the requests of local housing advocates the RHA implemented new local preferences for public housing applicants. These preferences enable us to better serve the Rutland Community, the working poor, homeless families and others who require priority status on our waiting list.

- The RHA has earned “High Performer” designation from the U.S. Department of Housing and Urban Development by scoring 98 out of a possible 100 points in the annual Public Housing Assessment of our management, finances, properties and resident satisfaction.
- Finally, the Rutland Housing Authority has embarked on our first ever website. Watch for this exciting innovation at www.rhvt.org

We would like to express our appreciation for the support that the Authority has received from Mayor Cassarino, the Board of Aldermen, Chief of Police Anthony Bossi and his staff, other City departments and the many agencies that have partnered with us to provide affordable, safe and high quality housing to the citizens of Rutland City.

As always we welcome your comments or suggestions. Please contact the Rutland Housing Authority at 775-2926.

Marble Valley Regional Transit District “The BUS”

Joseph Tilden, Alderman

Lawrence A. Dreier, Administrator

Marble Valley Regional Transit District (MVRTD), generally known as “The Bus” is entering its thirtieth year of providing service to the residents of the Greater Rutland Area. The Transit District is the largest, non-urban, public transportation system in the state of Vermont and, as such, provides transportation to the general public throughout Rutland County, as well as to social and human service agencies, the resort communities and area businesses. MVRTD provides an enhanced level of self-sufficiency for the elderly, disabled, and transportation disadvantaged who rely on public transportation. MVRTD also serves a growing population who is committed to the environmental benefits of public transit use. MVRTD is a valued asset to the communities it serves. System ridership was over 830,000 rides this past year. MVRTD’s fleet of 54 vehicles are all lift equipped and fully accessible. MVRTD provides 65 jobs year round, with upwards of 95 during peak season.

MVRTD’s transportation service to eligible Medicaid and Reach-Up recipients provided approximately 37,000 rides this past year. Complementary paratransit services are available to those individuals whose disability prevents the use of fixed route service.

MVRTD’s Stuff-A-Bus promotion, in partnership with WJJR and the Salvation Army, will mark its eleventh annual food drive this fall. Over ten tons of food were collected and distributed throughout the community last year.

The four fixed routes serving Rutland City provided a total of 285,874 one way trips this past year; ten years ago these same routes provided 70,981 trips. This service has more than quadrupled and is just a portion of the transportation services MVRTD provides throughout the City and Greater Rutland Area. MVRTD thanks the residents of Rutland City for their continued support of public transit services.

For more information about schedules and services please visit MVRTD’s web site at www.thebus.com.

Police Department

If not stated separately, any applicable overtime is included in total earnings. Please note that some of the police department earnings listed under the Police Department contain overtime. A substantial amount of overtime that police department employees receive is paid by private vendors for police services such as crowd control, traffic control and security.

List of Unpaid Taxes as of June 30, 2004

The list of unpaid taxes is as it appears on the records of the City of Rutland as of May 16, 2004 Pursuant to 1 V.S.A. Chapter 5 Subchapter 3.

Persons listed are the owner(s) of records as of April 1 of the year preceding the tax year as shown. Subsequent to the date are taxes that are delinquent. The City realizes that transfers may have occurred subsequent to April 1 and that taxes became due and delinquent and such listed individual may not be responsible for the amounts indicated

Amounts shown are taxes only exclusive of interest and penalties.
